Jasperson, 2016-10-04 Much has been made of the speed and constancy of modern politics Whether watching cable news retweeting political posts or receiving news alerts on our phones political communication now happens continuously and in real time Traditional research methods often do not capture this dynamic environment Early studies that guided the study of political communication took place at a time when transistors and FM radio television and widely distributed films technologically changed the way people gained information and developed knowledge of the world around them Now the environment has transformed again through digital innovations This book provides one of the first systematic assessment of real time methods used to study the new digital media environment It features twelve chapters authored by leading researchers in the field using continuous or real time response methods to study political communication in various forms Moreover the authors explain how viewer attitudes can be measured over time message effects can be pin pointed down to the second of impact behaviors can be tracked and analyzed unobtrusively and respondents can naturally respond on their smartphone tablet or even console gaming system Leading practitioners in the field working for CNN Microsoft and Twitter show how the approach is being innovatively used in the field Political Communication in Real Time is a welcome addition to the growing field of interest in big data and continuous response research This volume will appeal to scholars and practitioners in political science and communication studies wishing to gain new insights into the strengths and limitations of this approach Political communication is a continuous process so theories applications and cognitive models of such communication require continuous measures and methods **Concrete** Catherine Croft, Susan Macdonald, 2019-01-15 The first title in a new series aimed at sharing best practices in the conservation of modern heritage This timely volume brings together fourteen case studies that address the challenges of conserving the twentieth century s most ubiquitous building material concrete Following a meeting of international heritage conservation professionals in 2013 the need for recent thorough and well vetted case studies on conserving twentieth century heritage

became clear Concrete Case Studies in Conservation Practice answers that need and kicks off a new series Conserving Modern Heritage aimed at sharing best practices The projects selected represent a range of building typologies building uses and project sizes from the high rise housing blocks of Le Corbusier s Unit d Habitation and public buildings such as the London s National Theatre to small monuments such as the structures at Dudley Zoological Gardens and a sculpture by Donald Judd The projects also represent a range of environmental and economic contexts Some projects benefit from high levels of heritage protection and access to funding while others have had to negotiate conservation with stringent cost limitations All follow a rigorous conservation approach beginning with a process of investigation and diagnosis to identify causes and target repairs and balancing these with conservation requirements to preserve significance Written by architects engineers conservators scholars and other professionals in the field these highly detailed and well illustrated studies demonstrate sound practice rigorous methodology and technological innovation and represent the vibrancy of the field as it stands today This book has something to offer anyone interested in the conservation of modern heritage

**Critical Environmental Communication** Murdoch Stephens, 2018-04-25 How do contemporary critical thinkers find a way to work between the doubt that grounds their thinking and the knowing needed to ground emancipatory political struggles In this overview of four contemporary thinkers Timothy Morton Peter Sloterdijk Slavoj Žižek and Bruno Latour approaches to critique and climate change communication scholar Murdoch Stephens discusses and analyses the fissures elisions and paradoxes that inform critical theory This book delves into how critical theory offers important insights for those interested in climate change but also how critical theory faces challenges to its constitution when faced with issues that are both urgent and yet require a scientific rigour that is not the specialty of critique Written from the perspective of the interdisciplinary field of environmental communication Critical Environmental Communication How Does Critique Respond to the Urgency of Climate Change argues for re orienting the field towards the tensions and possibilities drawn from these four authors

**Normalizing Mental Illness and Neurodiversity in Entertainment Media** Malynnda Johnson, Christopher J. Olson, 2021-04-19 This volume examines the shift toward positive and more accurate portrayals of mental illness in entertainment media asking where these succeed and considering where more needs to be done With studies that identify and analyze the characters viewpoints and experiences of mental illness across film and television it considers the messages conveyed about mental illness and reflects on how the different texts reflect reinforce or challenge sociocultural notions regarding mental illness Presenting chapters that explore a range of texts from film and television covering a variety of mental health conditions including autism post traumatic stress disorder PTSD depression and more this book will appeal to scholars of sociology cultural and media studies and mental health

**POV Horror** Duncan Hubber, 2023-11-23 Drawing together strands of film theory and psychology this book offers a fresh assessment of the found footage horror subgenre It reconceptualizes landmark films including The Blair Witch Project 1999 Cloverfield 2008 Paranormal Activity 2009 and Man

Bites Dog 1992 as depictions of the lived experience and social legacy of psychological trauma The author demonstrates how the frantic cinematography and ambiguous formulation of the monster evokes the shocked and disoriented cognition of the traumatized mind Moreover the frightening effect of trauma on society is shown to be a recurring theme across the subgenre Close textual analysis is given to a wide range of films over several decades including titles that have yet to receive any academic attention Divided into four distinct sections the book examines how found footage horror films represent the effects of historical and contemporary traumatic events on Western societies the vicarious spread of traumatic experiences via mass media the sublimation of domestic abuse into haunted houses and the viewer's identification with the monster as an embodiment of perpetrator trauma

**Handbook of Forensic Social Work** David Axlyn McLeod, Anthony P. Natale, Kristin W. Mapson, 2024 The Handbook of Forensic Social Work Practice provides important reference content on the justice system the differential nature by which people families and communities navigate it and the various ways social workers interface with forensic systems and associated client populations The Handbook is an essential and accessible resource for social workers in forensic practice that synthesizes current theory policy and practice

Voices of the Reformation John A. Wagner, 2015-05-05 This fascinating collection of primary source documents furnishes the accounts in their own words of those who initiated advanced or lived through the Reformation Starting in 1500 Europe transformed from a united Christendom into a continent bitterly divided between Catholicism and Protestantism by the end of the century This illuminating text reveals what happened during that period by presenting the social religious economic political and cultural life of the European Reformation of the 16th century in the words of those who lived through it Detailed and comprehensive the work includes 60 primary source documents that shed light on the character personalities and events of that time and provides context questions and activities for successfully incorporating these documents into academic research and reading projects A special section provides guidelines for better evaluating and understanding primary documents Topics include late medieval religion Martin Luther reformation in Germany and the Peasants War the rise of Calvinism and the English Reformation

**From Networks to Netflix** Derek Johnson, 2018-01-03 Even as the television industry experiences significant transformation and disruption in the face of streaming and online delivery the television channel itself persists If anything the television channel landscape has become more complex to navigate as viewers can now choose between broadcast cable streaming and premium services across a host of different platforms and devices From Networks to Netflix provides an authoritative answer to that navigational need helping students instructors and scholars understand these industrial changes through the lens of the channel Through examination of emerging services like Hulu and Amazon Prime Video investigation of YouTube channels and cable outlets like Freeform and Comedy Central and critiques of broadcast giants like ABC and PBS this book offers a concrete tangible means of exploring the foundations of a changing industry

**Systems Practices for the Care of Socially At-Risk Populations** National Academies of Sciences, Engineering, and

Medicine, Health and Medicine Division, Board on Health Care Services, Board on Population Health and Public Health Practice, Committee on Accounting for Socioeconomic Status in Medicare Payment Programs, 2016-05-07 The Centers for Medicare Medicaid Services CMS have been moving from volume based fee for service payment to value based payment VBP which aims to improve health care quality health outcomes and patient care experiences while also controlling costs Since the passage of the Patient Protection and Affordable Care Act of 2010 CMS has implemented a variety of VBP strategies including incentive programs and risk based alternative payment models Early evidence from these programs raised concerns about potential unintended consequences for health equity Specifically emerging evidence suggests that providers disproportionately serving patients with social risk factors for poor health outcomes e g individuals with low socioeconomic position racial and ethnic minorities gender and sexual minorities socially isolated persons and individuals residing in disadvantaged neighborhoods may be more likely to fare poorly on quality rankings and to receive financial penalties and less likely to receive financial rewards The drivers of these disparities are poorly understood and differences in interpretation have led to divergent concerns about the potential effect of VBP on health equity Some suggest that underlying differences in patient characteristics that are out of the control of providers lead to differences in health outcomes At the same time others are concerned that differences in outcomes between providers serving socially at risk populations and providers serving the general population reflect disparities in the provision of health care Systems Practices for the Care of Socially At Risk Populations seeks to better distinguish the drivers of variations in performance among providers disproportionately serving socially at risk populations and identifies methods to account for social risk factors in Medicare payment programs This report identifies best practices of high performing hospitals health plans and other providers that serve disproportionately higher shares of socioeconomically disadvantaged populations and compares those best practices of low performing providers serving similar patient populations It is the second in a series of five brief reports that aim to inform the Office of the Assistant Secretary of Planning and Evaluation ASPE analyses that account for social risk factors in Medicare payment programs mandated through the Improving Medicare Post Acute Care Transformation IMPACT Act **Turn to Film** Hugo Letiche, Jean-Luc Moriceau, 2019-02-26 Turn to Film Film in the Business School offers creative and powerful uses of film in the business school classroom and surveys the pedagogical and performative value of watching films with students This volume examines not only how film offers opportunities for learning and investigation but also how they can be sources of ideological poison self delusion and mis representation Throughout the text renowned contributors embrace film s power to embark on new adventures of thought by inventing images and signs and by bringing novel concepts and fresh perspectives to the classroom If film often reveals organizational dysfunctionality and absurdity it also teaches us to understand the other to see difference and to accept experimentation A wide spectra of films are examined for their pedagogical value in terms of what can be learned explored and discussed by teaching with film and how film can be used as a tool of research and

investigation The book sees film in the classroom as an educational challenge wherein rich learning and personal development are encouraged      Doris Salcedo Mary Schneider Enriquez,Doris Salcedo,Narayan Khandekar,2016-01-01 In Context Violence and Contemporary Art in Colombia Salcedo s Influences Artists Works Practices The Six Visual Strategies Organic and Ephemeral Materiality in Salcedo s Most Recent Works Inherent Vice and the Ship of Theseus Narayan Khandekar Artist Biography and Exhibition History      *Postcolonialism, Decoloniality and Development* Cheryl McEwan,2018-12-07 Postcolonialism Decoloniality and Development is a comprehensive revision of Postcolonialism and Development 2009 that explains reviews and critically evaluates recent debates about postcolonial and decolonial approaches and their implications for development studies By outlining contemporary theoretical debates and examining their implications for how the developing world is thought about written about and engaged with in policy terms this book unpacks the difficult complex and important aspects of the relationships between postcolonial theory decoloniality and development studies The book focuses on the importance of development discourses the relationship between development knowledge and power and agency within development It includes significant new material exploring the significance of postcolonial approaches to understanding development in the context of rapid global change and the dissonances and interconnections between postcolonial theory and decolonial politics It includes a new chapter on postcolonial theory development and the Anthropocene that considers the challenges posed by the current global environmental crisis to both postcolonial theory and ideas of development The book sets out an original and timely agenda for exploring the intersections between postcolonialism decolonialism and development and provides an outline for a coherent and reinvigorated project of postcolonial development studies Engaging with new and emerging debates in the fields of postcolonialism and development and illustrating these through current issues the book continues to set agendas for diverse scholars working in the fields of development studies geography anthropology politics cultural studies and history
