nutritional evidence this book situates shifting food truths through a critical analysis of how healthy eating is framed and contested particularly amid fluctuating truth claims of a post truth culture It explores what a post truth epistemological framework can offer critical food and health studies considers the type of questions this may enable and looks at what can be gained by relinquishing rigid empirical pursuits of singular dietary truths In focusing too intently on the separation between food fact and food fiction the book argues that politically dangerous and epistemically narrow ideas of one way to eat healthy or right are perpetuated Drawing on a range of archival materials related to food and health and interviews with registered dietitians this book offers various examples of shifting food truths from macro historical genealogies to contemporary case studies of dairy wheat and meat Providing a rich and innovative analysis this book offers news ways to think about and act upon our increasingly complex food landscapes It does so by loosening our empirical Western reliance on singular food facts in favour of an articulation of contextual food truths that situate the problems of health as problems of living not as individualistic problems of eating It will be of interest to students scholars and practitioners working in food studies food politics sociology environmental geography health nutrition and cultural studies Canada Nicola Förg, 1998 Annotation Fully colour illustrated travel guides packed with information on the history and culture of a destination The Rough Guide to Vancouver Tim Jepson, 2004 This travel guide to Vancouver and the surrounding area features advice on where to go and what to do from sea kayaking off the Gulf Islands to the museums and galleries downtown Maps and plans help the reader pinpoint recommended hotels restaurants and attractions Worldwide Cruise Ships, and Inland and Coastal Waterways Entertainment Vessels Directory James Laurence Pelletier, 1999 **DK Eyewitness Travel Guide: Pacific Northwest** Anita Carmin, Constance Brissenden, 2010-08-16 The DK Eyewitness Pacific Northwest travel guide will lead you straight to the best attractions the region has to offer Whether you re kayaking on Lake Ozette in Olympic National Park or hitting the shops in Downtown Seattle's Columbia Centre this guide provides all the insider tips every visitor needs with comprehensive listings of the best hotels restaurants shops and nightlife for all budgets It s fully illustrated and covers all the major cities from Washington Vancouver and Portland to Oregon Seattle and British Columbia You ll find floorplans of all the must see sites as well as street maps and reliable information for getting around DK Eyewitness Pacific Northwest explores the culture history and architecture not missing the best in entertainment shopping tours and scenic walks in this diverse region With all the sights beaches and attractions listed area by area DK Eyewitness Pacific Northwest is your essential companion DK Eyewitness Pacific Northwest showing you what others only tell you **Western Canada** Ulysses Travel Guides, 2004-03 This guidebook offers Descriptions of numerous attractions star rated so you can spot the must sees at a glance The best accommodations and restaurants in every price range All there is to know about parks and historic sites as well as outdoor activities More than 50 regional and city maps to help you customize your itinerary
