[An Analysis of John Lewis Gaddis's We Now Know](#) Scott Gilfillan,Jason Xidias,2017-07-05 John Lewis Gaddis had written four previous books on the Cold War by the time he published *We Now Know* so the main thrust of his new work was not so much to present new arguments as to re examine old ones in the light of new evidence that began emerging from behind the Iron Curtain after 1990 In this respect *We Now Know* can be seen as an important exercise in evaluation Gaddis not only undertook to reassess

his own positions arguing that this was the only intellectually honest course open to him in such changing circumstances but also took the opportunity to address criticisms of his early works not least by post revisionist historians The straightforwardness and flexibility that Gaddis exhibited in consequence enhanced his book's authority He also deployed interpretative skills to help him revise his methodology and reinterpret key historical arguments integrating new comparative histories of the Cold War era into his broader argument

The Game of Death Albert Eugene Kahn, 1953 The harsh and tragic fact is that of the whole population children are paying the most heavily for the Cold War Naturally we want our children to live and mature in a world at peace a world in which their talents and those of all other children may fully flower a world made worthy of children Substantiating its disclosures with careful documentation The Game of Death presents an inside account of the atomic bomb drills for school children their causes and emotional effects It discusses the shocking and dangerous conditions prevalent in the schools as a result of the armament program and exposes a nationwide plan to indoctrinate children and convert schools into instruments of national policy It warns of the acclimatization of children through comic books TV radio and motion pictures to concepts of violence horror and sudden death It reports the beginnings of loyalty oaths for parents Finally it projects action Americans must take to protect the welfare and happiness of their children from the dangers that beset them on every side as a consequence of the Cold War
