Return to My Native Land Aimé Césaire, 1970

**Notebook of a Return to the Native Land** Aimé Césaire, 2021-09-21

Aimé Césaire's masterpiece *Notebook of a Return to the Native Land* is a work of immense cultural significance and beauty. The long poem was the beginning of Césaire's quest for negritude and it became an anthem of Blacks around the world. With its emphasis on unusual juxtapositions of object and metaphor, manipulation of language into puns and neologisms and rhythm, Césaire considered his style a beneficial madness that could break into the forbidden and reach the powerful and overlooked aspects of black culture. Clayton Eshleman and Annette Smith achieve a laudable adaptation of Césaire's work to English by clarifying double meanings, stretching syntax and finding equivalent English puns all while remaining remarkably true to the French text. Their treatment of the poetry is marked with imagination, vigor and accuracy that will clarify difficulties for those already familiar with French and make the work accessible to those who are not. André Breton's introduction *A Great Black Poet* situates the text and provides a moving tribute to Césaire. *Notebook of a Return to the Native Land* is recommended for readers in comparative literature, post colonial literature, African American studies, poetry, modernism and French.

Return to my native land John Berger, Aimé Césaire, 1960      Return to My Native Land Ira N. Levine, 1969      Caribbean Panorama Kathleen Kelley Ferracane, 1999      **Return to My Native Land; Translated** Aimé Césaire, 1969      *Return to My Native Land*, 2006      *Broad Is My Native Land* Lewis H. Siegelbaum, Leslie Page Moch, 2015-02-06

Whether voluntary or coerced, hopeful or desperate, people moved in unprecedented numbers across Russia's vast territory during the twentieth century. *Broad Is My Native Land* is the first history of late imperial Soviet and post-Soviet Russia through the lens of migration. Lewis H. Siegelbaum and Leslie Page Moch tell the stories of Russians on the move, capturing the rich variety of their experiences by distinguishing among categories of migrants: seasonal workers, migrants to the city, career and military migrants, evacuees and refugees, deportees and itinerants. So vast and diverse was Russian political space that in their journeys migrants often crossed multiple cultural, linguistic and administrative borders. By comparing the institutions and experiences of migration across the century and placing Russia in an international context, Siegelbaum and Moch have made a magisterial contribution to both the history of Russia and the study of global migration. The authors draw on three kinds of sources: letters to authorities, typically appeals for assistance, the myriad forms employed in communication about the provision of transportation, food, accommodation and employment for migrants, and interviews with and memoirs by people who moved or were moved, often under the most harrowing of circumstances. Taken together, these sources reveal the complex relationship between the regimes of state control that sought to regulate internal movement and the tactical repertoires employed by the migrants themselves in their often successful attempts to manipulate, resist and survive these official directives.

François,2011-08-16 Rewriting The Return to Africa Voices of Francophone Caribbean Women Writers examines the ways Guadeloupean women writers Maryse Condé Simone Schwarz Bart and Myriam Warner Vieyra demystify the theme of the return to Africa as opposed to the its masculinist version by Négritude male writers from the 1930s to 1960s Négritude a cultural and literary movement drew much of its strength from the idea of a mythical or cultural reconnection with the African past allegorized as a mother figure In contrast these women writers of the post colonial era who are to large extent heirs of Négritude differ sharply from their male counterparts in their representation of Africa In their novels the continent is not represented as a propitious mother figure but a disappointing father figure This study argues that these women writers subversion of the metaphorical figure of Africa and its transformation is tied to their gender The women novelists are indeed critical of a female allegorization of the land that is reminiscent of a colonial or nationalist project and a simplistic representation of motherhood that does not reflect the complexities of the Diaspora's relation to origins and identity Unlike the primary male writers of the Négritude movement they carefully gendered the notion of return by choosing female protagonists who made their way back to the Motherland in search of identity I argue that writing is a more suitable space for the female subject seeking identity because it allows her to have a voice and become subject rather than object as that was the case with the Négritude writers The women writers shattering of the image of Mother Africa and subsequently that of
