

WORLD WAR I REVIEW SHEET

The Four Main Causes of World War I were:

Militarism

Alliances

Imperialism

Nationalism

The Triple Alliance was Germany, Austria-Hungary and Italy

The Triple Entente was France, England, and Russia.

The Spark that set off the war was the assassination of Archduke Ferdinand of Austria in Serbia by Gavrilo Princip

Austria then attacked Serbia and other countries got involved because of the Alliance system.

Germany's plan to win the war was called the Schlieffen Plan

Everyone thought it would be a quick war. Wars before this one had been limited.

This war was a total war where a government used all of its resources to attack another country and their economy. In this type of war, civilians often became refugees.

The war soon turned into a stalemate with trench warfare. This type of warfare was slow and took place over small pieces of ground.

The area between the trenches was called no man's land and trying to take someone else's trench was called going over the top.

Seven new weapons in the war were

Tanks

Machine guns

submarines

Poison gas

Artillery

Dirigibles

Airplanes

The type of war where an entire nation's resources are used on the war effort is called total war.

Another word for a draft is conscription.

One-sided information to promote a cause is called propaganda.

The Germans sank the Lusitania and this angered the United States.
