Shallat, 2010-01-01 The Idaho Adventure is a multi media textbook program for 4th grade Idaho studies The program is based on Idaho s Content Standards for social studies and teaches civics history geography and economics The student edition places the state s historical events in the larger context of our nation s history **The Era of Modernization Through the 1930s** Kathy Sammis, 2000 Topics include The Progressive Era The United States and World Affairs The Roaring Twenties Great Depression The New Deal See other Focus on U S History titles [The Global Economic System Since 1945](#) Larry Allen, 2005 This book describes how after the end of World War II powerful corporations began to lobby governments in an effort to reduce the perceived constraints of regulation Since the 1970s these voices have become increasingly influential as governments worldwide have adopted free market policies reduced economic regulation and promoted the virtues of free enterprise capitalism The Global Economic System since 1945 presents a fresh synthesis of economic history and theory For the specialist it will provide a useful reminder that the economy needs to be looked at from different angles while the general reader will find a fascinating and impartial description of the current state of the global economy as well as hints on what to look for when scanning the economic horizon for signs of inclement weather **BOOK JACKET** *Birth of Hegemony* Andrew C. Sobel, 2012-09-03 With American leadership facing increased competition from China and India the question of how hegemony emerges and are able to create conditions for lasting stability is of utmost importance in international relations The generally accepted wisdom is that liberal superpowers with economies based on capitalist principles are best able to develop systems conducive to the

health of the global economy In *Birth of Hegemony* Andrew C Sobel draws attention to the critical role played by finance in the emergence of these liberal hegemonies He argues that a hegemon must have both the capacity and the willingness to bear a disproportionate share of the cost of providing key collective goods that are the basis of international cooperation and exchange Through this the hegemon helps maintain stability and limits the risk to productive international interactions However prudent planning can account for only part of a hegemon's ability to provide public goods while some of the necessary conditions must be developed simply through the processes of economic growth and political development Sobel supports these claims by examining the economic trajectories that led to the successive leadership of the Netherlands Britain and the United States Stability in international affairs has long been a topic of great interest to our understanding of global politics and Sobel's nuanced and theoretically sophisticated account sets the stage for a consideration of recent developments affecting the United States

The American Promise, Volume C James L. Roark, Michael P. Johnson, Patricia Cline Cohen, Sarah Stage, Susan M. Hartmann, 2012-01-09 The American Promise is more teachable and memorable than any other U S survey text The balanced narrative braids together political and social history so that students can discern overarching trends as well as individual stories The voices of hundreds of Americans from Presidents to pipe fitters and sharecroppers to suffragettes animate the past and make concepts memorable The past comes alive for students through dynamic special features and a stunning and distinctive visual program Over 775 contemporaneous illustrations more than any competing text draw students into the text and more than 180 full color maps increase students geographic literacy A rich array of special features complements the narrative offering more points of departure for assignments and discussion Longstanding favorites include Documenting the American Promise Historical Questions The Promise of Technology and Beyond American's Borders representing a key part of our effort to increase attention paid to the global context of American history

The Interwar World Andrew Denning, Heidi J.S. Tworek, 2023-08-29 The Interwar World collects an international group of over 50 contributors to discuss analyze and interpret this crucial period in twentieth century history A comprehensive understanding of the interwar era has been limited by Euro American approaches and strict adherence to the temporal limits of the world wars The volume's contributors challenge the era's accepted temporal and geographic framings by privileging global processes and interactions Each contribution takes a global thematic approach integrating world regions into a shared narrative Three central questions frame the chapters First when was the interwar Viewed globally the years 1918 and 1939 are arbitrary limits and the volume explicitly engages with the artificiality of the temporal framework while closely examining the specific dynamics of the 1920s and 1930s Second where was the interwar Contributors use global history methodologies and training in varied world regions to decenter Euro American frameworks engaging directly with the usefulness of the interwar as both an era and an analytical category Third how global was the interwar Authors trace accelerating connections in areas such as public health and mass culture counterbalanced by processes of economic

protectionism exclusive nationalism and limits to migration By approaching the era thematically the volume disaggregates and interrogates the meaning of the global in this era As a comprehensive guide this volume offers overviews of key themes of the interwar period for undergraduates while offering up to date historiographical insights for postgraduates and scholars interested in this pivotal period in global history

The Encyclopaedia of Christianity, Vol. 5 Erwin Fahlbusch, Geoffrey William Bromiley, 1999 Written by leading scholars from around the world the articles in this volume range from sin Sufism and terrorism to theology in the 19th and 20th centuries Vatican I and II and the virgin birth

The Oxford Encyclopedia of Economic History Joel Mokyr, 2003-10-16 What were the economic roots of modern industrialism Were labor unions ever effective in raising workers living standards Did high levels of taxation in the past normally lead to economic decline These and similar questions profoundly inform a wide range of intertwined social issues whose complexity scope and depth become fully evident in the Encyclopedia Due to the interdisciplinary nature of the field the Encyclopedia is divided not only by chronological and geographic boundaries but also by related subfields such as agricultural history demographic history business history and the histories of technology migration and transportation The articles all written and signed by international contributors include scholars from Europe Latin America Africa and Asia Covering economic history in all areas of the world and segments of economies from prehistoric times to the present The Oxford Encyclopedia of Economic History is the ideal resource for students economists and general readers offering a unique glimpse into this integral part of world history

Crossroads and Cultures, Volume C: Since 1750 Bonnie G. Smith, Marc Van De Mieroop, Richard von Glahn, Kris Lane, 2012-01-30 Crossroads and Cultures A History of the World's Peoples incorporates the best current cultural history into a fresh and original narrative that connects global patterns of development with life on the ground As the title Crossroads suggests this new synthesis highlights the places and times where people exchanged goods and commodities shared innovations and ideas waged war and spread disease and in doing so joined their lives to the broad sweep of global history Students benefit from a strong pedagogical design abundant maps and images and special features that heighten the narrative's attention to the lives and voices of the world's peoples Test drive a chapter today Find out how

The Economic History of Latin America since Independence V. Bulmer-Thomas, 2014-02-10 This revised and updated third edition contains a wealth of new material that draws on new research in this area

A History of Big Recessions in the Long Twentieth Century Andrés Solimano, 2020-02-20 This book examines the array of financial crises slumps depressions and recessions that happened around the globe during the twentieth and early twenty first centuries It covers events including World War I hyperinflation and market crashes in the 1920s the Great Depression of the 1930s stagflation of the 1970s the Latin American debt crises of the 1980s the post socialist transitions in Central Eastern Europe and Russia in the 1990s and the great financial crisis of 2008-09 In addition to providing wide geographic and historical coverage of episodes of crisis in North America Europe Latin America and Asia the book clarifies basic concepts in the area of recession economics

analysis of high inflation debt crises political cycles and international political economy An understanding of these concepts is needed to comprehend big recessions and slumps that often lead to both political change and the reassessment of prevailing economic paradigms Macroeconomics and the Financial System N. Gregory Mankiw, Laurence Ball, 2010-11-08 Watch this video interview with Greg Mankiw and Larry Ball discussing the future of the intermediate macroeconomics course and their new text Check out preview content for Macroeconomics and the Financial System here The financial crisis and subsequent economic downturn of 2008 and 2009 was a dramatic reminder of what economists have long understood developments in the overall economy and developments in the financial system are inextricably intertwined Derived and updated from two widely acclaimed textbooks Greg Mankiw's Macroeconomics Seventh Edition and Larry Ball's Money Banking and the Financial System this groundbreaking text is the first and only intermediate macroeconomics text that provides substantial coverage of the financial system *Government Leaders, Military Rulers and Political Activists* David W. Del Testa, 2014-01-27 In each volume an introductory essay outlines of history of the disciplines under discussion and describes how changes and innovations in these disciplines have affected our lives The biographies that follow are organized in an A Z format each biography is divided into a life section describing the individual's life and influences and a legacy section summarizing the impact of that individual's work throughout history These biographies cover a diverse group of men and women from around the globe and throughout history Franklin Delano Roosevelt Mao Tse tung and Genghis Khan are among the 200 well known historical figures included in this volume Examples of other lesser known yet important individuals covered in this work are Gustavas Adolphus Swedish empire creator Hatshepsut queen of ancient Egyptian dynasty and Jean Jaur's French socialist leader and pacifist Each synopsis provides information on each individual's enduring impact on the common understanding of fundamental themes of human existence *United States History - Part B* ,
International Macroeconomics Robert C. Feenstra, Alan M. Taylor, 2012 Combining classic international economics with straight from the headlines immediacy Feenstra and Taylor's text seamlessly integrates the subject's established core content with topic areas and ideas that have emerged from recent empirical studies A MODERN APPROACH FOR THE 21ST CENTURY International economics texts traditionally place greater emphasis on theory and a strong focus on the advanced countries Feenstra Taylor links theory to empirical evidence throughout the book and incorporates coverage of emerging markets and developing economies India China SE Asia to reflect the evolving realities of the global economy The new edition has been extensively revised and updated especially in light of the ongoing world financial crisis NOTE Feenstra Taylor International Economics Second Edition is available in four versions International Economics 2e 1 4292 3118 1 International Trade 2e 1 4292 4104 7 International Macroeconomics 2e 1 4292 4103 9 Essentials of International Economics 2e 1 4292 7710 5 *Routledge Handbook of Major Events in Economic History* Randall E. Parker, Robert M. Whaples, 2013-02-11 The Handbook of Major Events in Economic History aims to introduce readers to the important

macroeconomic events of the past two hundred years The chapters endeavour to explain what went on and why during the most significant economic epochs of the nineteenth twentieth and early twenty first centuries and how where we are today fits in this historical timeline Its short chapters reflect the most up to date research and are written by well known economists who are authorities on their subjects The Handbook of Major Events in Economic History was written with the intent of presenting the professional consensus in explaining the economics driving these historical events Making Connections in Elementary and Middle School Social Studies Andrew P. Johnson,2006 Making Connections in Elementary and Middle School Social Studies is based on the idea that students learn more and are more motivated to learn when they are able to connect their own knowledge observations ideas imagination and emotions with the content at hand This book demonstrates how personal connections can be incorporated into social studies education while meeting NCSS thematic pedagogical and disciplinary standards It is written in a very direct reader friendly style Each chapter describes a variety of practical strategies and creative activities that novice and experienced teachers can use to make social studies more interesting and to help students make meaningful personal and academic connections Each chapter contains a wealth of classroom strategies pedagogical techniques activities and lesson plan ideas that can be used to enhance learning and make lessons more interesting active and student centered The book covers the three types of standards that elementary and middle school teachers work with as they teach social studies o Thinking Ahead questions invite the reader to reflect on his her own experiences as they relate to the material covered in the next chapter These can be used as discussion points for a class or small group or simply as pre reading prompts to enhance comprehension o Teachers in Action boxes contain real life narratives from practicing teachers These cases are designed to expand upon key issues presented in each chapter Every case is accompanied by the author s personal reflection on the case These reflections are intended to give the reader an opinion against which he she can measure his her own reactions After each case the reader is prompted to think about the narrative presented and think about the way that his her reactions compare with those presented by the author o Go There boxes provide links to Web sites that offer additional resources for teachers lesson plans and other activities to enhance a social studies classroom This text is accompanied by a dynamic Instructor s Resources CD The CD includes classroom video footage that can be shown in class to illustrate the concepts presented in the book and stimulate class discussion

Encyclopedia of War and American Society Peter Karsten,2006 Publisher description *Why Did World War I Happen?* R. G. Grant,2010-08-01 Includes firsthand speeches letters diary entries and other primary source materials that give the reasons this unforgettable event unfolded as it did this book tells about World War I
