World Enough And Crime:

Coyness and Crime in Restoration Comedy Peggy Thompson, 2012 *Coyness and Crime* examines the extraordinary focus on feminine coyness in forty English comedies by ten diverse playwrights of the late seventeenth century In contexts ranging from reaffirmations of church and king to emerging interests in liberty and novelty these plays consistently reveal women caught in an ironic and nearly intractable convergence of objectification and culpability that allows them little innocent sexual agency this is both the source and the legacy of coyness in Restoration comedy *In Search of Criminal Responsibility* Nicola Lacey, 2016-05-12 What makes someone responsible for a crime and therefore liable to punishment under the criminal law Modern lawyers will quickly and easily point to the criminal law's requirement of concurrent *actus reus* and *mens rea* doctrines of the criminal law which ensure that someone will only be found criminally responsible if they have committed criminal conduct while possessing capacities of understanding awareness and self control at the time of offense Any notion of criminal responsibility based on the character of the offender meaning an implication of criminality based on reputation or the assumed disposition of the person would seem to today's criminal lawyer a relic of the 18th Century In this volume Nicola Lacey demonstrates that the practice of character based patterns of attribution was not laid to rest in 18th Century criminal law but is alive and well in contemporary English criminal responsibility attribution Building upon the analysis of criminal responsibility in her previous book *Women Crime and Character* Lacey investigates the changing nature of criminal responsibility in English law from the mid 18th Century to the early 21st Century Through a combined philosophical historical and socio legal approach this volume evidences how the theory behind criminal responsibility has shifted over time The character and outcome responsibility which dominated criminal law in the 18th Century diminished in ideological importance in the following two centuries when the idea of responsibility as founded in capacity was gradually established as the core of criminal law Lacey traces the historical trajectory of responsibility into the 21st Century arguing that ideas of character responsibility and the discourse of responsibility as founded in risk are enjoying a renaissance in the modern criminal law These ideas of criminal responsibility are explored through an examination of the institutions through which they are produced interpreted and executed the interests which have shaped both doctrines and institutions and the substantive social functions which criminal law and punishment have been expected to perform at different points in history *Rhyme and Reason* Juan Uriagereka, 2000 This unusual book takes the form of a dialogue between a linguist and another scientist This unusual book takes the form of a dialogue between a linguist and another scientist The dialogue takes place over six days with each day devoted to a particular topic and the ensuing digressions The role of the linguist is to present the fundamentals of the minimalist program of contemporary generative grammar Although the linguist serves essentially as a voice for Noam Chomsky's ideas he is not intended to be a portrait of Chomsky himself The other scientist functions as a kind of devil's advocate making the arguments that linguists tend to face from those in the

harder sciences The author does far more than simply present the minimalist program He conducts a running argument over the status of theoretical linguistics as a natural science He raises the general issues of how we conceive words phrases and transformations and what these processes tell us about the human mind He also attempts to reconcile generative grammar with the punctuated equilibrium version of evolutionary theory In his foreword Massimo Piatelli Palmarini says The vast number of readers who have been enthralled by Goedel Escher Bach may well like also this syntactic companion a sort of Chomsky Fibonacci Bach *Transnational Organised Crime* Adam Edwards, Peter Gill, 2004-02-24 Considers the origins of transnational organised crime how it has been defined and measured governments policy responses and its place on the policy agendas of the UN and EU in the wake of the war on terror **The World's Best Orations** David Josiah Brewer, 1899 The text of thousands of speeches from all historical periods through the 19th century arranged in alphabetical order

High Crimes Michael Kudas,2008-02-05 High Crimes is journalist Michael Kudas s gripping account of life on top of the world where man is every bit as deadly as Mother Nature In the years following the publication of Into Thin Air much has changed on Mount Everest Among all the books documenting the glorious adventures in mountains around the world none details how the recent infusion of wealthy climbers is drawing crime to the highest place on the planet The change is caused both by a tremendous boom in traffic and a new class of parasitic and predatory adventurer It s likely that Jon Krakauer would not recognize the camps that he visited on Mount Everest almost a decade ago This book takes readers on a harrowing tour of the criminal underworld on the slopes of the world s most majestic mountain High Crimes describes two major expeditions the tragic story of Nils Antezana a climber who died on Everest after he was abandoned by his guide as well as the author s own story of his participation in the Connecticut Everest Expedition guided by George Dijmarescu and his wife and climbing partner Lhakpa Sherpa Dijmarescu who at first seemed well intentioned and charming turned increasingly hostile to his own wife as well as to the author and the other women on the team By the end of the expedition the three women could not travel unaccompanied in base camp due to the threat of violence Those that tried to stand against the violence and theft found that the worst of the intimidation had followed them home to Connecticut Beatings thefts drugs prostitution coercion threats and abandonment on the highest slopes of Everest and other mountains have become the rule rather than the exception Kudas describes many such experiences and explores the larger issues these stories raise with thriller like intensity
