## Unit 6: Global Migrations of 1750-1900

Use [THIS](#) presentation to complete this handout.

### Part 1: Topics

Instructions: Read through the Topic 6.6 on Global Migrations, paying special attention to key vocabulary and concepts.

1. After reading the topics, summarize some of the reasons that global migrations occurred in the 1750-1900 time period: **Some of the reasons that global migrations occurred in the 1750-1900 time period were search for work, slavery and development of transoceanic empires and capitalism. The new global capitalist economy relied on coerced and semi-coerced labor which included slavery, indentured servitude and convict labor.**
2. How do you think industrialization played a role in increased migrations in this time period? **I think that industrialization played a role in increased migrations in this time period because factories were used for manufacturing goods at this time and employment was needed so it attracted many immigrants.**
3. How did environmental factors play a role in increased migrations in this time period? **Environmental factors played a role in increased migrations in this time period because of limited natural resources, pollution, temperature, disease, famine, availability of natural resources and suitable or favorable land for humans.**
4. How do you think global capitalism played a role in increased migrations during this time period? **I think that global capitalism played a role in increased migrations during this time period because new capitalist economies relied on coerced and semi-coerced labor resulting in many immigrants doing forced labor.**

### Part 2: Migration Factors

5. Describe <b>PUSH factors</b> in your own words.	<b>Push factors are factors that usually cause the people living in an area to want to get out of it.</b>

Advanced Pre-Med Studies Parent Lesson Plan ,2013-08-01 Advanced Pre Med Studies Course Description Semester 1

From surgery to vaccines man has made great strides in the field of medicine Quality of life has improved dramatically in the last few decades alone and the future is bright But students must not forget that God provided humans with minds and resources to bring about these advances A biblical perspective of healing and the use of medicine provides the best foundation for treating diseases and injury In *Exploring the History of Medicine* author John Hudson Tiner reveals the spectacular discoveries that started with men and women who used their abilities to better mankind and give glory to God The fascinating history of medicine comes alive in this book providing students with a healthy dose of facts mini biographies and vintage illustrations It seems that a new and more terrible disease is touted on the news almost daily The spread of these scary diseases from bird flu to SARS to AIDS is a cause for concern and leads to questions such as Where did all these germs come from and how do they fit into a biblical world view What kind of function did these microbes have before the Fall Does antibiotic resistance in bacteria prove evolution How can something so small have such a huge deadly impact on the world around us Professor Alan Gillen sheds light on these and many other questions in *The Genesis of Germs* He shows how these constantly mutating diseases are proof for devolution rather than evolution and how all of these germs fit into a biblical world view Dr Gillen shows how germs are symptomatic of the literal Fall and Curse of creation as a result of man's sin and the hope we have in the coming of Jesus Christ Semester 2 *Body by Design* defines the basic anatomy and physiology in each of 11 body systems from a creationist viewpoint Every chapter explores the wonder beauty and creation of the human body giving evidence for creation while exposing faulty evolutionist reasoning Special explorations into each body system look closely at disease aspects current events and discoveries while profiling the classic and contemporary scientists and physicians who have made remarkable breakthroughs in studies of the different areas of the human body Within *Building Blocks in Life Science* you will discover exceptional insights and clarity to patterns of order in living things including the promise of healing and new birth in Christ Study numerous ways to refute the evolutionary worldview that life simply evolved by chance over millions of years The evolutionary worldview can be found filtered through every topic at every age level in our society It has become the overwhelmingly accepted paradigm for the origins of life as taught in all secular institutions This dynamic education resource helps young people not only learn science from a biblical perspective but also helps them know how to defend their faith in the process      Romanticism, Nationalism, and the Revolt Against Theory David Simpson,1993-06 Why has Anglo American culture for so long regarded theory with intense suspicion In this important contribution to the history of critical theory David Simpson argues that a nationalist myth underlies contemporary attacks on

theory Theory's antagonists Simpson shows invoke the same criteria of common sense and national solidarity as did the British intellectuals who rebelled against theory and method during the French Revolution Simpson demonstrates the close association between theory and method and shows that by the mid eighteenth century method had acquired distinctly subversive associations in England Attributed increasingly to the French and the Germans method paradoxically evoked images both of inhuman rationality and unbridled sentimentality in either incarnation it was seen as a threat to what was claimed to be authentically British Simpson develops these paradigms in relation to feminism the gendering of Anglo American culture and the emergence of literature and literary criticism as antitheoretical discourses He then looks at the Romantic poets response to this confining ideology of the cultural role of literature Finally Simpson considers postmodern theory's claims for the radical energy of nonrational or antirationalist positions This is an essential book not only for students of the Romantic period and intellectual historians concerned with the idea of method but for anyone interested in the historical background of today's debates over the excesses and possibilities of theory *Michigan School Moderator* ,1888

**A Question of Command** Mark Moyar,2009-10-20 Moyar presents a wide ranging history of counterinsurgency which draws on the historical record and interviews with hundreds of counterinsurgency veterans He identifies the ten critical attributes of counterinsurgency leadership and reveals why these attributes have been more prevalent in some organizations than others *The American Bookseller's Complete Reference Trade List, and Alphabetical Catalogue of Books in this Country* Alexander Vietts Blake,1847 *Studies in Articulation* James Harmon Hoose,1876 *Texas School Journal* ,1898
