**Write the thesis:**

The United States has tried to up hold itself

a. Slavery is an institution and a morally wrong

Slavery was an institution that I cannot see how it was a part of the American identity. As a result, I am arguing that slavery was a part of the American identity.

Case for the thesis: The United States and its people have long been known for their freedom and democracy. However, the fact that slavery was a part of the American identity is a contradiction.

Historians have argued that the United States was a land of freedom and democracy. However, the fact that slavery was a part of the American identity is a contradiction.

**Historical Argument**

The American identity is a complex one. It is a mix of many different things. It is a mix of the American dream and the American reality. It is a mix of the American ideal and the American fact.

**Historical Evidence**
