Education in World History Mark S. Johnson, Peter N. Stearns, 2022-09-01 Education in World History shows how broad currents in transnational history have interacted with trends in educational organization and teaching practices over time From antiquity and early classical societies to present day this book highlights the ways in which changes in religious and intellectual life and economic patterns in key world regions have generated developments in education Since the postclassical period cross cultural connections have also influenced educational change In more recent times transnational dialogues and mobility have played a vital role in shaping educational patterns Ranging through South and East Asia Africa Europe and the Americas the book also considers how the impact of modern forces such as industrialization and nationalism have transformed education in fundamental ways Throughout the volume Mark S Johnson and Peter N Stearns emphasize the tensions between elite and state educational interests and more diverse popular demands for access and often for more innovative pedagogy Suitable for introductory world history and history of education courses this lively overview reconsiders

the history of education from the perspective of world and comparative history **The Wiley International Handbook of History Teaching and Learning** Scott Alan Metzger, Lauren McArthur Harris, 2018-03-02 A comprehensive review of the research literature on history education with contributions from international experts The Wiley International Handbook of History Teaching and Learning draws on contributions from an international panel of experts Their writings explore the growth the field has experienced in the past three decades and offer observations on challenges and opportunities for the future The contributors represent a wide range of pioneering established and promising new scholars with diverse perspectives on history education Comprehensive in scope the contributions cover major themes and issues in history education including policy research and societal contexts conceptual constructs of history education ideologies identities and group experiences in history education practices and learning historical literacies texts media and social spaces and consensus and dissent This vital resource Contains original writings by more than 40 scholars from seven countries Identifies major themes and issues shaping history education today Highlights history education as a distinct field of scholarly inquiry and academic practice Presents an authoritative survey of where the field has been and offers a view of what the future may hold Written for scholars and students of education as well as history teachers with an interest in the current issues in their field The Wiley International Handbook of History Teaching and Learning is a comprehensive handbook that explores the increasingly global field of history education as it has evolved to the present day *Annotated Instructor's Edition* Addison-Wesley Longman, Incorporated, 1999-08 **Asia in Western and World History** Ainslie Thomas Embree, Carol Gluck, 1997 This comprehensive volume provides teachers and students with broad and stimulating perspectives on Asian history and its place in world and Western history Essays by over forty leading scholars suggest many new ways of incorporating Asian history from ancient to modern times into core curriculum history courses Now featuring Suggested Resources for Maps to Be Used in Conjunction with Asia in Western and World History **Civilization Past & Present** Palmira Johnson Brummett, 2000 The new edition of Civilization Past and Present is a major revision of a classic text the last edition had Wallbank as the lead author Civilization Past and Present has a strong European core with excellent global coverage and is well known in the marketplace as a highly readable accessible survey text This is important since students often complain that they are overwhelmed with too much content in this course The main thrust of the revision is to make the book more inclusive of areas beyond Europe With two new authors an Annotated Instructors Edition a new unique feature that focuses on primary maps a beautiful new four color design and a premiere supplements package on the market this edition of Civilization Past and Present offers students and professors an accessible and exciting survey of World Civilization For the first time we will be adding an Annotated Instructors Edition which will provide numerous useful teaching suggestions and ideas The Annotated Instructors Edition is unique in this market and will prove invaluable to professors who invariably end up teaching parts of the course which are out of their area of expertise since the course is so broad This

edition is available electronically on CD ROM that includes the entire text study guide videos web links maps charts and photos Free when bundled this exciting new multimedia learning tool is easy to navigate and makes reading the textbook fun Students will love how simple it is to take notes online search for a topic create a binder of documents take practice tests and watch historical videos

The Joy of Teaching Peter Filene, 2009-11-13 Gathering concepts and techniques borrowed from outstanding college professors The Joy of Teaching provides helpful guidance for new instructors developing and teaching their first college courses Award winning professor Peter Filene proposes that teaching should not be like a baseball game in which the instructor pitches ideas to students to see whether they hit or strike out Ideally he says teaching should resemble a game of Frisbee in which the teacher invites students to catch ideas and pass them on Rather than prescribe any single model for success Filene lays out the advantages and disadvantages of various pedagogical strategies inviting new teachers to make choices based on their own personalities values and goals Filene tackles everything from syllabus writing and lecture planning to class discussions grading and teacher student interactions outside the classroom The book s down to

earth accessible style makes it appropriate for new teachers in all fields Instructors in the humanities the social sciences and the natural sciences will all welcome its invaluable tips for successful teaching and learning *The Ashgate Companion to the History of Textile Workers, 1650-2000* Dr Elise van Nederveen Meerkerk, Mr Els Hiemstra-Kuperus, Prof Dr Lex Heerma van Voss, 2013-06-28 This impressive collection offers the first systematic global and comparative history of textile workers over the course of 350 years This period covers the major changes in wool and cotton production and the global picture from pre industrial times through to the twentieth century After an introduction the first part of the book is divided into twenty national studies on textile production over the period 1650 2000 To make them useful tools for international comparisons each national overview is based on a consistent framework that defines the topics and issues to be treated in each chapter The countries described have been selected to include the major historic producers of woollen and cotton fabrics and the diversity of global experience and include not only European nations but also Argentina Brazil China Egypt India Japan Mexico Turkey Uruguay and the USA The second part of the book consists of ten comparative papers on topics including globalization and trade organization of production space identity workplace institutions production relations gender ethnicity and the textile firm These are based on the national overviews and additional literature and will help apply current interdisciplinary and cultural concerns to a subject traditionally viewed largely through a social and economic history lens Whilst offering a unique reference source for anyone interested in the history of a particular country's textile industry the true strength of this project lies in its capacity of international comparison By providing global comparative studies of key textile industries and workers both geographically and thematically this book provides a comprehensive and contemporary analysis of a major element of the world's economy This allows historians to challenge many of the received ideas about globalization for instance highlighting how global competition for lower production costs is by no means a uniquely modern issue and has been a feature of textile production for much of the last 350 years As such this collection will be welcomed by all scholars engaged in the history of the textile industry and international trade **El-Hi Textbooks in Print**, 1982
