Unlimited Players Holly Ryan, Stephanie Vie, 2022-06-15 *Unlimited Players* provides writing center scholars with new approaches to engaging with multimodality in the writing center through the lenses of games play and digital literacies. Considering how game scholarship can productively deepen existing writing center conversations regarding the role of creativity play and engagement, this book helps practitioners approach a variety of practices such as starting new writing centers, engaging tutors and writers, developing tutor education programs, developing new ways to approach multimodal and digital compositions brought to the writing center, and engaging with ongoing scholarly conversations in the field. The collection opens with theoretically driven chapters that approach writing center work through the lens of games and play. These chapters cover a range of topics including considerations of identity, empathy, and power; productive language play during tutoring sessions; and writing center heuristics. The last section of the book includes games written in the form of tabletop game directions that directors can use for staff development or tutors can play with writers to help them develop their skills and practices. No other text offers a theoretical and practical approach to theorizing and using games in the writing center. *Unlimited Players* provides a new perspective on the long-standing challenges facing writing center scholars and offers insight into the complex questions raised in issues of multimodality, emerging technologies, tutor education, identity construction, and many more. It will be significant to writing center directors and administrators and those who teach tutor training courses.

The Ultimate Unofficial World of Warcraft Classic Leveling Guide Vincent Verret, 2018-07-19 Welcome to the Ultimate Unofficial Classic WoW Leveling Guide with complete 1-60 routes for BOTH the Alliance and Horde. With this guide, you'll save days off of your leveling time, getting you to 60 in the fastest time possible. This guide is designed for new players and veterans alike, and you'll need it when faced with the difficulty of the original World of Warcraft. This guide contains both an outline of leveling by questing area and character level, as well as tips, tricks, secrets, and advanced techniques to speed up your leveling. If you want to quickly get into level 60 raids and dungeons, you'll need this guide. Why World of Warcraft Classic? Like many of you, I have fond memories of the original WoW and its Burning Crusade Expansion. I remember a time before instant gratification, achievements, and cross-realm group finder, where your reputation, skill as a player, and social connections mattered. When faced with the challenges of Azeroth, we all had to make friends and work together. With the return of classic WoW, we can all have that again: friendships that last beyond the game, instead of gear that is recycled with each content patch. Classic Wow is about quality over quantity. I have nearly 200 mounts on regular WoW, yet none feel as rewarding as my original level 60 mount. With this series of Guides, you can become that legend again or become a new legend in the most important MMORPG of our time.
