The Goblin's Secrets Goblin Sachs,2019-08-18 In order to succeed in World of Warcraft Classic you will need a lot of gold In addition to the thousands of gold you will spend on your spells mounts gear enchantments and respecs you will also need to consistently purchase large quantities of consumables and utility items to stay competitive in serious raiding PvP Without enough gold you will always be outclassed by players who do have enough However accumulating gold is very difficult in World of Warcraft By the time The Burning Crusade was about to launch World of Warcraft WoW had 8 million active subscribers with likely millions more accounts that were created but stopped subscribing at some point Out of the millions of players who played the game there was not a single recorded instance of someone hitting the gold cap 215 000 gold on one character This means it is more common for someone to be a billionaire in America about 1 out of 600 000 than it is for someone to have 215 000 gold This is why I have compiled the most
