**Materializing Thailand** Penny Van Esterik, 2020-05-28 Thailand has become well known throughout the world for wonderful cuisine great package holidays sumptuous temples and textiles Noticeably absent from glossy tourist brochures but equally well known throughout the Western world is Thailand's seedier side the world of child exploitation rampant prostitution and AIDS Thailand maintains its appeal by slipping the ugly and painful out of sight and by promoting women as exotic visual icons through beauty contests state rituals and the sex trade This book explores the construction of gender in Thailand and in particular the role Bangkok plays in establishing gender relations for the whole of the country It examines the historical and cultural processes underlying Thai public culture including historical theme parks The author demonstrates how the materiality of the Thai world shapes gender relations and how Buddhism discourages essentialisms including fixed binary gender identities Throughout the book appearances are shown to be critically important and the essentialism of gender is maintained through display public presentations and everyday material practices Anyone wishing to understand the complexity of Thailand will find this book provides a highly readable and insightful analysis *Don't Blame It on Rio* Jewel Woods, Karen Hunter, 2008-04-24 This tell all book gives a unfiltered first hand account of the extramarital exploits that men get up to while supposedly traveling for work There is a not so new not so secret destination where a growing number of American black men are traveling for the kind of sex and freedom they say they can't find with black women Thousands of unsuspecting women are kissing their men good bye while they go on business trips to Rio where they meet up with some of their friends and have sex every way they can imagine no strings no hassles and no conscience Jewel Woods a social worker and Ph D student at the Mandel School of Applied Social Science at Case Western Reserve University and founder of The Renaissance Male Project Inc investigates this phenomenon He will not only uncover a secret society of cheating savvy businessmen but he will attempt to explain why they are going to Brazil to do it [What's Love Got to Do with It?](#) Denise Brennan, 2004-05-14 An ethnographic case study of sex tourism in the Dominican Republic showing how the sex trade is linked to economic and cultural globalization *Slumming* Chad Heap, 2008-11-15 During Prohibition Harlem was the in place to go for music and booze recalled the African American chanteuse Bricktop Every night the limousines pulled up to the corner and out spilled affluent whites looking for a good time great jazz and the unmatched thrill of doing something disreputable That is the indelible public image of slumming but as Chad Heap reveals in this fascinating history the reality is that slumming was far more widespread and important than such nostalgia tinged recollections would lead us to believe From its appearance as a fashionable dissipation centered on the immigrant and working class districts of 1880s New York through its spread to Chicago and into the 1930s nightspots frequented by lesbians and gay men Slumming charts the development of this popular pastime demonstrating how its moralizing origins were soon outstripped by the artistic racial and sexual adventuring that typified Jazz Age America Vividly recreating the allure of storied neighborhoods such as

Greenwich Village and Bronzeville with their bohemian tearooms rent parties and black and tan cabarets Heap plumbs the complicated mix of curiosity and desire that drew respectable white urbanites to venture into previously off limits locales And while he doesn't ignore the role of exploitation and voyeurism in slumming or the resistance it often provoked he argues that the relatively uninhibited mingling it promoted across bounds of race and class helped to dramatically recast the racial and sexual landscape of burgeoning U S cities Packed with stories of late night dance drink and sexual exploration and shot through with a deep understanding of cities and the habits of urban life Slumming revives an era that is long gone but whose effects are still felt powerfully today     The Rough Guide to Costa Rica (Travel Guide eBook) Rough Guides,2017-10-05

Prostitution, Trafficking, and Traumatic Stress PhD, Melissa Farley, 2004-04-15 Prostitution Trafficking and Traumatic Stress offers the reader an analysis of prostitution and trafficking as organized interpersonal violence Even in academia law and public health prostitution is often misunderstood as sex work The book s 32 contributors offer clinical examples analysis and original research that cou

Sex, Tourism and the Postcolonial Encounter Jessica Jacobs, 2016-04-01 Illustrated by revealing interviews with women and men in the tourist resorts in the Sinai Egypt this book is ostensibly about western women who sleep with native men while on holiday Broadening the scope of issues involved it examines the link between these holiday romances and a much wider romanticism of place and people of the landscapes of paradise deserts and the lure of the Bedouin sheikh that are used to sell these destinations It argues that the romantic stereotyping and deliberate positioning of Third World resorts as places that somehow exist outside of the modernities the women come from is inextricably bound up in the relationships Similarly for the local man the tourist resort is perceived as a place other than his own cultural space and time and represents a modernity that is otherwise only found in the West The relationships that ensue can therefore only occur because the tourist resort acts as an intermediate space In analyzing the interaction of these men and women within the context of modernity the book provides insights into gender issues to do with globalization travel and sexuality as well as opening up the debate on sex tourism and showing this to be a lot more ambiguous and complicated than it might at first appear

**Women and Sex Tourism Landscapes** Erin Sanders-McDonagh, 2016-08-12 Sexual spaces normally inhabited by mostly female sex workers are understood as masculine spaces and positioned for and around male consumers However red light zones and public sex performances in both Thailand and Holland are being explored and visually consumed by female tourists in significant numbers Their presence in red light districts and sexual venues is at odds with the ways in which sexual spaces have normally been positioned Woman and Sex Tourism Landscapes explores female tourists interactions with highly sexualized spaces and places in two very different contexts the Netherlands and Thailand Addressing this incongruence this text explores the ways in which these spaces are constructed and examines the different relations that govern the management of and female tourist interactions with these liminal sexual zones Ethnographic data collected in both countries suggests that far from being male centred spaces the red light districts and associated sexual entertainment venues are very much open to female tourists Drawing on this research the author argues that some women are indeed interested in exploring sexualized zones challenging assumptions about women s involvements with sexual space Thinking specifically about the visual nature of women s sexualized experiences the analysis draws on a range of different theoretical understandings that address power privilege and the gaze An important contribution to a range of debates this book will appeal to students and researchers in tourism geography sociology gender studies and cultural theory

*Combating Trafficking in Persons* United States. Congress. House. Committee on Financial Services. Subcommittee on Domestic and International Monetary Policy, Trade, and Technology,2005

*The Color of Desire* Christopher Ewing,2024-01-15 The Color of Desire tells the story of how in the aftermath of gay liberation race played a crucial role in shaping the trajectory of queer German politics Focusing on the Federal Republic of Germany Christopher Ewing charts both the entrenchment of racisms within white queer scenes and the formation of new antiracist movements that contested overlapping marginalizations Far from being discrete political trajectories racist and antiracist politics were closely connected as activists worked across groups to develop their visions for queer politics Ewing describes not only how AIDS workers gay tourists white lesbians queer immigrants and Black feminists were connected in unexpected ways but also how they developed contradictory concerns that comprised the full landscape of queer politics Out of these connections which often exceeded the bounds of the Federal Republic arose new forms of queer fascism as well as their multiple antiracist contestations Both unsettled the appeals to national belonging or homonationalism on which many white queer activists based their claims Thus the story of the making of homonationalism is also the story of its unmaking The Color of Desire explains how the importance of racism to queer politics cannot and should not be understood without also attending to antiracism Actors worked across different groups making it difficult to chart separable political trajectories At the same time antiracist activists also used the fractures and openings in groups that were heavily invested in the logics of whiteness to formulate new antiracist organizations and albeit in constrained ways shifted queer politics more generally
