

World Studies Extended Essay Subject Guide

Overview

An EE in world studies gives students an opportunity to undertake an interdisciplinary study of an issue of contemporary global significance.

Interdisciplinary in this context means research that draws on the methods, concepts and theories of two IB Diploma Programme subjects.

Students are required to

- identify an issue of global importance
- identify a local manifestation of the issue of global importance
- develop a clear rationale for taking an interdisciplinary approach and use the conceptual framework and vocabulary of two Diploma Programme subjects.

This provides an opportunity for students to conduct independent interdisciplinary research (not necessarily primary research) that draws on Diploma Programme subjects and integrates them to produce a coherent and insightful analysis of the global issue they choose to investigate.

It should be noted that law and education are not Diploma Programme subjects.

World studies EEs are registered in one of six areas of study: these are not the same as the Diploma Programme subjects. They are:

- conflict, peace and security
- culture, language and identity
- environmental and/or economic sustainability
- equality and inequality
- health and development
- science, technology and society.
