

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

Tiersma, 2010-06-15 Technological revolutions have had an unquestionable if still debatable impact on culture and society perhaps none more so than the written word In the legal realm the rise of literacy and print culture made possible the governing of large empires the memorializing of private legal transactions and the broad distribution of judicial precedents and legislation Yet each of these technologies has its shadow side written or printed texts easily become static and the textual practices of the legal profession can frustrate ordinary citizens who may be bound by documents whose implications they scarcely understand Parchment Paper Pixels offers an engaging exploration of the impact of three technological revolutions on the law Beginning with the invention of writing continuing with the mass production of identical copies of legal texts brought about by the printing press and ending with a discussion of computers and the Internet Peter M
