Detection Dogs to Monitor Aquatic Ecosystem Health and Protect Aquatic Resources Ngaio L. Richards,2018-08-10 This book is about the varied range of emerging applications using specially trained detection dogs to monitor and protect aquatic ecosystems animals plants and related resources Featuring contributions from those at the forefront of converging disciplines ranging from canine training ecological and biological monitoring water resource management law enforcement and eco toxicology it addresses everyone already immersed in these or related fields and anyone seeking to gain a broader understanding of them Chapters cover several common themes including monitoring presence absence through biological and ecological surveys maintaining and evaluating water quality law enforcement and anti poaching initiatives public education awareness and compliance standards and best practices optimal uses of dogs in relation to and in conjunction with other available tools and pragmatic considerations for selecting and working with dogs and handlers The aim of the book is

to stimulate new ideas promote the sharing and dissemination of information and findings and ideally to catalyze new and innovative partnerships to strengthen the preservation and conservation of our aquatic heritage Dog Control and Welfare Great Britain: Parliament: House of Commons: Environment, Food and Rural Affairs Committee, 2013-02-15 DEFRA's belated proposals to tackle irresponsible dog ownership are too limited Since 2007 dogs have killed seven people including five children in private homes The NHS also spends over 3 million annually treating dog attack injuries Some eight assistance dogs a month and thousands of livestock annually are attacked by dogs The Home Office approach to tackling antisocial behaviour is too simplistic and fails to reflect the impact that poor breeding and training by irresponsible owners can have on a dog's behaviour New rules should give enforcement officers more effective powers including Dog Control Notices to prevent dog related antisocial behaviour Local authorities need to devote more resources to the effective management of stray dogs MPs call for changes in the legislation to give powers to extend the banned list to include other dogs with particularly aggressive characteristics At the same time those tasked to enforce legislation should have the discretion to neuter rather than destroy a banned animal where a particular dog poses no threat The Advisory Council on Welfare Issues of Dog Breeding should be given a formal regulatory role to enforce standards Any breeder producing more than two litters per year should be licensed and subject to welfare checks The Kennel Club should stop registering puppies from breeders not compliant with its own Assured Breeder Scheme It should also commission an independent annual review of Breed Standards led by vets to eliminate health problems linked to breeding for exaggerated characteristics Lastly MPs call on websites advertising pets to develop a voluntary Code of Practice **From Dropout to Doctorate** Dr. Sheila M. Krotz, 2025-07-31

From Dropout to Doctorate 60 Years of Lessons in Education from Both Sides of the Desk tells the story of the education of a young girl from the Midwest who drops out of high school and begins a convoluted journey filled with tragedy and triumph fraught with insecurities but bolstered by an innate determination to succeed Motivated by instilled values of integrity and social justice she works diligently to get back on track and stay there Her hard work pays off and she becomes an award winning teacher neurodiversity advocate parenting expert and activist in an impoverished border community From the cornfields of Illinois to the corn tortillas of the Mexican border a high school dropout becomes a champion of the poor and finds her niche in helping others succeed Her journey through educational institutions from elementary school to graduate school offers a behind the scenes analysis of what's right and wrong with public education in America highlighting the urgent need for inclusive neuroscience informed practices With sharp analysis bold truths and lived experience she delivers practical recommendations to build a more equitable compassionate and future ready education system *Portraits of Pioneers in Developmental Psychology* Wade Pickren, Donald A. Dewsbury, Michael Wertheimer, 2012-05-04 Utilizing an informal sometimes humorous style of writing this book brings to life 16 developmental psychologists who made a significant contribution to their field Written by noted scholars each chapter provides a glimpse into the personal and scholarly lives of

these innovative pioneers Some of the chapters are based on the contributor s personal acquaintance with a pioneer allowing for the introduction of previously unavailable information Suggested Readings allow readers to delve deeper into the material and a tabular list of subjects and authors helps instructors supplement their courses in substantive areas of psychology with ease The introductory essay prepares the reader for a deeper understanding of the contributions of each of the pioneers Mamie Phipps Clark had a profound impact on the education of American children Robert W White pioneered a new approach to the study of persons across the lifespan Lois Barclay Murphy s perspective on the strengths of developing children foreshadowed later developments in positive psychology Florence Goodenough pioneered new testing methods for children John Paul Scott was a pioneer in the field of behavior genetics The book also highlights the many contributions of European pioneers Jean Piaget Charlotte B hler Heinz Werner and Lev Vygotsky Their contributions were carried forward by J McVicker Hunt in the U S and Helena Antipoff in Brazil Arnold Gesell s film studies of children s development remain a landmark accomplishment Lawrence Kohlberg pioneered the study of moral development across the lifespan Roger Barker s studies on aggression and leadership among children eventually led to the development of ecological psychology Eleanor Jackie Gibson was famous for her work on the visual cliff and for her research on perception and development Finally Sidney Bijou had a long career delineating ways to improve the lives of children Pickren s concluding essay draws connections between the pioneers and how they contributed to the advancement of the field Intended as a supplementary text for undergraduate and or graduate courses in the history of psychology and or developmental child or lifespan psychology taught in psychology education and human development this engaging book also appeals to those interested in and or teaching these subject areas Each of the 7 volumes in the Portraits of Pioneers Series contain different profiles bringing more than 140 of psychology s pioneers to life
