Restoring Pride The Lost Virtue Of Our Age:

Restoring Pride Richard Taylor,1996 Restoring Pride is elitist in that it acknowledges that some people are better as human beings than others and that they have made themselves so by perfecting their natural talents The idea of the Sermon on the Mount that the poor and the meek are blessed is repudiated Instead Taylor embraces the classical Greek ideal of virtue as personal excellence without any suggestion that everyone is equal in worth The proud setting the rules and standards for themselves are apt to be looked on as unconventional However one invariable rule guides their behavior toward others considerateness The same egalitarian standard applies to their treatment under the law in a democratic society

Mayday, I'm Fallen Ross Chadwick,2008 Because of the Fall and Original Sin Christians inevitably face all kinds of spiritual trouble similar to the life threatening tragedies that firefighters daily battle Author and Fire Chief Ross Chadwick names Christianity as extremely hazardous and dangerous where Christians daily face risky situations that threaten their very spiritual survival and thus begs the question When we get into trouble how will we survive the raging fires Mayday I m Fallen offers ten practical tips for spiritual survival modeled after common firefighting safety tactics Not only do these tips aid the Christian in survival but they also offer vital information on being a true disciple of Christ Stop scraping by on your own When life gets tough yell out Mayday I m Fallen to your loving Savior waiting to bring you back to safe standing

Rediscovering Fuller W. J. Witteveen,Wibren van der Burg,1999 Lon Fuller one of the great American jurists of this century is often remembered only for his stand on the morality of law in the Fuller Hart debate Rediscovering Fuller considers the full range of Fuller s writings from his early engagement with legal fictions and his critique of legal positivism to his later work on implicit law and the art of institutional design Contributors from the fields of both civil law and common law argue that Fuller s insights are highly relevant to contemporary concerns The book contains essays by K Winston D Dyzenhaus P Cliteur F Schauer Beyond the Fuller Hart Debate P Westerman W van der Burg D Luban Moralities of Law G Postema P Teachout Implicit Law R Macdonald W Witteveen J Allison M Hertogh K Soltan The Art of Institutional Design J Allan F Mootz J Vining Law s Dialogue and a preface by Ph Selznick At some point in the future when we become more open to the moral relevance of social inquiry more empirical in our study of philosophical issues more capable of uniting moral and social theory Lon Fuller s work will stand as a landmark This volume will help show the way Ph Selznick *The Hobbit and Philosophy* Gregory Bassham,Eric Bronson,2012-09-18 A philosophical exploration of J R R Tolkien s beloved classic just in time for the December 2012 release of Peter Jackson s new film adaptation The Hobbit An Unexpected Journey J R R Tolkien s The Hobbit is one of the best loved fantasy books of all time and the enchanting prequel to The Lord of the Rings With the help of some of history s great philosophers this book ponders a host of deep questions raised in this timeless tale such as Are adventures simply nasty disturbing uncomfortable things that make you late for dinner or are they exciting and potentially life changing events What duties do friends have to one another Should mercy be extended even to those who

deserve to die Gives you new insights into The Hobbit's central characters including Bilbo Baggins Gandalf Gollum and Thorin and their exploits from the Shire through Mirkwood to the Lonely Mountain Explores key questions about The Hobbit's story and themes including Was the Arkenstone really Bilbo's to give How should Smaug's treasure have been distributed Did Thorin leave his beautiful golden harp at Bag End when he headed out into the Wild If so how much could we get for that on eBay Draws on the insights of some of the world's deepest thinkers from Confucius Plato and Aristotle to Immanuel Kant William Blake and contemporary American philosopher Thomas Nagel From the happy halls of Elrond's Last Homely House to Gollum's slimy island of rock this is a must read for longtime Tolkien fans as well as those discovering Bilbo Baggins and his adventures there and back again for the first time *Kierkegaard for the Church* Ronald F. Marshall, 2013-08-30 Most of what is written on Kierkegaard today is for the college classroom and academic conferences The guiding question of this book is that if Kierkegaard's words about Christianity are true how do they change the way we learn and practice the Christian faith today This book is an answer to that question It does not enter into an extended critical discussion over the truth of Kierkegaard's ideas Instead it just believes what Kierkegaard said and runs with it It does that by showing how his ideas change our understanding of Christian identity suffering and illness worship and preaching the Bible baptism prayer marriage and divorce criticism and the Christian minister Interspersed are many quotations from Martin Luther whose thought significantly shaped Kierkegaard's At the end of the book is a hefty collection of sermons to show how all of this can be preached in the church What Kierkegaard for the Church adds to our understanding of Kierkegaard is the place of the church in his thought Because of his criticisms of the Danish state church and his stress on the need for the single individual to appropriate Christian teachings it could be imagined that he rejected the church But that would be to throw the baby out with the bath The fact is that Kierkegaard remained a loyal son of the church even while he attacked it And he did this only so he could strengthen what he loved *Pride and Humility* Shawn R. Tucker, 2016-06-16 This interdisciplinary analysis presents an innovative examination of the nature of pride and humility including all their slippery nuances and points of connection By combining insights from visual art literature philosophy religious studies and psychology this volume adapts a complementary rather than an oppositional approach to examine how pride and humility reinforce and inform one another This method produces a robust substantial and meaningful description of these important concepts The analysis takes into account key elements of pride and humility including self esteem and self confidence human interconnectedness power's function and limitations and the role of fear Shawn R Tucker explores the many inflections of these terms inflections that cast them by turns as positive or negative emboldening or discouraging and salubrious or vicious depending upon the context and manner in which they are used **The Bloomsbury Encyclopedia of Philosophers in America** John R. Shook, 2016-02-11 For scholars working on almost any aspect of American thought The Bloomsbury Encyclopedia to Philosophers in America presents an indispensable reference work Selecting over 700 figures from the Dictionary of Early American Philosophers and

the Dictionary of Modern American Philosophers this condensed edition includes key contributors to philosophical thought From 1600 to the present day entries cover psychology pedagogy sociology anthropology education theology and political science before these disciplines came to be considered distinct from philosophy Clear and accessible each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading Featuring a new preface by the editor and a comprehensive introduction The Bloomsbury Encyclopedia to Philosophers in America includes 30 new entries on twenty first century thinkers including Martha Nussbaum and Patricia Churchland With in depth overviews of Waldo Emerson Margaret Fuller Noah Porter Frederick Rauch Benjamin Franklin Thomas Paine and Thomas Jefferson this is an invaluable one stop research volume to understanding leading figures in American thought and the development of American intellectual history

Repairing Eden Mark S. McLeod-Harrison, 2005-10-24 How do Christians keep from losing their faith when they discover that other faiths are as justified as their own Mark McLeod Harrison draws on his training in analytic philosophy and his knowledge of Christian mysticism to provide a compelling analysis of and unique solution to the problem religious diversity poses for Christians In *Repairing Eden* McLeod Harrison describes this dilemma as an existential problem internal to the Christian faith He suggests that Christian humility and Christian mysticism can provide a joint path toward a kind of metaphysical certainty the mystic path the path of bearing one's own cross that can become a means of more deeply knowing God *Repairing Eden* weaves theology philosophy and pastoral concerns into a spiritual philosophical solution to a deeply important challenge to Christian faith

Manhood is a Mindset J. Colin Trisler, 2020-08-12 A boy doesn't become a man by accident The truth is it takes a special kind of father or father figure to teach his son the practical wisdom he needs to build the mindset of a real man In his book *Manhood Is a Mindset* pastor and father J. Colin Trisler points his son to the example of Solomon the wisest man who ever lived and instructs him in the fatherly wisdom Solomon taught his son in Proverbs 1:9 His book is a text driven exposition that follows Solomon's lead and reads as a personalized discourse as a series of letters from a father to his son Trisler wrote these letters to instruct his son in the wisdom he needs to grow into a man who is prepared to go out into the real world and earn a good life for himself He published these letters to support all those other fathers who are working just as hard to mold their inexperienced boys into strong and capable men who are prepared to meet their responsibilities to God their families their neighbors and themselves

Pride and Authenticity Ulrich Steinvorth, 2016-10-01 This book explores the morality of pride a value that has been condemned through history and is still largely unwelcome in many societies The author explores the nature of the self and free will and how pride links to technology and rational theology It refers to the work of Lionel Trilling Allan Bloom Charles Taylor and Heidegger on authenticity Jacob Burckhardt Stephen Toulmin Max Weber and Mark Lilla on modernity Christine Korsgaard on the self John Rawls and Ruth Benedict on morality and the Stoics and Kant on free will
