Return Of The First Church:

Return of the First Church , **Harry Emerson Fosdick** Robert Moats Miller, 1985-02-21 A major figure in American religious and cultural history Fosdick was famous as a preacher a pacifist and a champion of civil rights He was also the author of forty seven books **Women and Reform in a New England Community, 1815-1860** Carolyn J.

Lawes, 2014-07-11 Interpretations of women in the antebellum period have long dwelt upon the notion of public versus private gender spheres As part of the ongoing reevaluation of the prehistory of the women s movement Carolyn Lawes challenges this paradigm and the primacy of class motivation She studies the women of antebellum Worcester Massachusetts discovering that whatever their economic background women there publicly worked to remake and improve their community in their own image Lawes analyzes the organized social activism of the mostly middle class urban white women of Worcester and finds that they were at the center of community life and leadership Drawing on rich local history collections Lawes weaves together information from city and state documents court cases medical records church collections newspapers and diaries and letters to create a portrait of a group of women for whom constant personal and social change was the norm Throughout *Women and Reform in a New England Community* conventional women make seemingly unconventional choices A wealthy Worcester matron helped spark a women led rebellion against ministerial authority in the town s orthodox Calvinist church Similarly a close look at the town s sewing circles reveals that they were vehicles for political exchange as well as social gatherings that included men but intentionally restricted them to a subordinate role By the middle of the nineteenth century the women of Worcester had taken up explicitly political and social causes such as an orphan asylum they founded funded and directed Lawes argues that economic and personal instability rather than a desire for social control motivated women even relatively privileged ones into social activism She concludes that the local activism of the women of Worcester stimulated and was stimulated by their interest in the first two national women s rights conventions held in Worcester in 1850 and 1851 Far from being marginalized from the vital economic social and political issues of their day the women of this antebellum New England community insisted upon being active and ongoing participants in the debates and decisions of their society and nation **Religious Entrepreneurism in China's Urban House Churches** Li

Ma, 2019-06-27 This book offers a unique historical documentation of the development of the ambitious religious entrepreneurship by leaders of the Early Rain church and later Western China Presbytery leadership in an effort to gain social influence in China through local institution building and global public image management It unravels the social processes of how this Christian community with a public image of defending religious freedom in China was undermined by an internal loss of moral authority Based on publicly available texts from Chinese social media that aren t readily available in the West as well as in depth interviews it is framed by existing scholarship in social theories of the public sphere charismatic domination in social transition and the role of power in organizational behaviour These churches stories show how Christianity which has

long been politically marginalized in communist China has not only adapted and challenged the socio political status quo but how it was also ironically shaped by the political culture This is an insightful and critical ethnographic study of one of modern China s most famous house churches As such it will be of great interest to scholars of Religion in China as well as those working in Religious Studies Asian studies Chinese studies and Mission Studies more generally **When?** F. Kenton Beshore, R. William Keller, 2011 This book shows that the Bible clearly teaches the Rapture is not an imminent event that cannot take place at any moment Many prophetic warning signs of the Rapture have already been fulfilled and many more must be fulfilled before the blessed event from publisher description **Adam's Gift** Jimmy Creech, 2011-04-04 The inspiring first person account of a minister whose ordination credentials were revoked by The United Methodist Church after he performed same gender commitment ceremonies Christian Dogmatics Carl E. Baker, 2017-11-13 Throughout both the Old and New Testament there are numerous

prophecies pointing to the return of the Messiah in power and glory In the early church a prevailing message was Jesus's promise to return in the clouds The knowledge that the Messiah would someday return and deliver Israel and the saints from the evils of this world has been a tremendous source of encouragement over the ages The questions have been and continue to be When will Jesus return Have the signs of his return been fulfilled Is the Messiah's return imminent In this book we will explore the scriptures that outline the signs that will precede the return of Jesus Christ in power and glory In addition to looking at scriptures on the topic we will look at current and historical events that may be significant Also we will ask how this impacts Christians and how we should respond In Matthew 25 Jesus tells a parable of a bridegroom and ten virgins The bridegroom's return was delayed so that the wedding party became drowsy and fell asleep When he returned late in the night only those who were ready went with him to the wedding feast The others were left behind As Christians we need to be ready for Jesus's return Come prepared to dig deep into scriptures and look forward to Jesus's return

[Recovering the Eucharistic Ecclesiology of the Early Church](#) Anastacia Wooden, 2025-01-10 The first theologian who spoke of eucharistic ecclesiology was the Russian Orthodox church historian and canonist Nicolas Afanasiev 1893-1966 He claimed to have re-discovered and systematized the original ecclesiology of the early church which he called eucharistic Since then the eucharistic ecclesiology crossed confessional borders and shaped the theological discussion on the nature of the church Many authors of different Christian confessions developed Afanasiev's basic intuition while proposing a variety of their own understandings of the eucharistic nature of the church from Orthodox theologians like John Zizioulas and John Romanides to Catholic theologians like J. M. Tillard and Joseph Ratzinger Ironically the details of Afanasiev's own ecclesiological system remain largely unknown It is Anastacia Wooden's conviction that the prevailing stereotypical view of Afanasiev's ecclesiology is suffering from

fracturing of his thought Therefore the aim of her book is to formulate a comprehensive view of Afanasiev s ecclesiological vision and of its significance for contemporary ecclesial life Part one of the book provides the fullest to date biographical context of Afanasiev s scholarship Part two addresses the four key issues that historically complicated understanding of Afanasiev s ecclesiology Part three provides a synthesis of Afanasiev s total ecclesiological vision systematized in six ecclesiological themes ministry sacraments law governance and teaching church unity and church state relations It demonstrates how Afanasiev s methodological assumption that ecclesiology can serve as a tool to make sense of the historical data on the life of the church led to his realization that the early church had an operative ecclesiology which placed the exercise of royal priesthood in the Eucharist as the starting point of the ecclesial structure In each chapter of the second part this book provides reflections on the contemporary relevance of Afanasiev s work In the current crises of leadership in the Catholic Church as well as other Christian churches it may prevent the adoption of arbitrary forms of lay participation in the church governance by reminding church leaders that a theologically meaningful increase of lay participation should always be framed in terms of the increased participation of local churches
