**Reigning in Victory** Reverend Lelia Burgess, 2016-06-08 My book *Reigning In Victory* will encourage the readers that inspite of issues and challenges they face in life they can still Reign In Victory It requires a mindset and a determined spirit to make a difference in life *Reigning In Victory* does not mean that on this journey of life we will not have troubles problems disappointments trials persecution and set backs in our lives However inspite of all the issues and challenges that ones life maybe confronted with it is not what happen to you that really matters but what really matters is the way you handle what happen to you The way we think has a lot to do with the way we live If you think you can do a thing then you can do it Also if you think you can t do a thing you will eventually talk yourself out of even trying to complete the task If your thinking is not in line with fulfilling your God given purpose you will most likely settle for existing instead of thriving to be all that God wants you to be and enjoying this abundant life that we have been given *Reigning in Victory* will require one to live on purpose to complete the assignments given unto us by God to be world changers and make a difference in the lives of people everywhere This all begins when one change the way they think and then their whole world around them changes Learn to see the glass as half full instead of seeing it as half empty The way you think and your attitude will determine your altitude This book encourages the reader to do just that I can do all things through Christ which strengthens me That is my mindset and I want to help others to change the way they think and Reign In Victory

This book examines the contributions both intentional and unintentional of Nigerian Pentecostal churches and NGOs to development studying their development practices broadly in relation to the intersecting spheres of politics economics health education human rights and peacebuilding In sub Saharan Africa Pentecostalism is fast becoming the dominant expression of Christianity but while the growth and civic engagement of these churches has been well documented their role in development has received less attention The Nigerian Pentecostal landscape is one of the most vibrant in Africa Churches are increasingly assuming more prominent roles as they seek to address the social and moral ills of contemporary society often in fierce competition with Islam for dominance in Nigerian public space Some scholars suggest that the combination of an enchanted worldview an emphasis on miracles and prosperity teaching and a preoccupation with evangelism discourages effective political engagement and militates against development However Nigerian Pentecostalism and Development argues that there is an emerging movement within contemporary Nigerian Pentecostalism which is becoming increasingly active in development practices This book goes on to explore the increasingly transnational approach that churches take often seeking to build multicultural congregations around the globe for instance in Britain and the United States Nigerian Pentecostalism and Development Spirit Power and Transformation will be of considerable interest to scholars and students concerned with the intersection between religion and development and to development practitioners and policy makers working in the region
