Wooldridge,Manuela Veloso,2007-03-06 Artificial Intelligence is one of the most fascinating and unusual areas of academic study to have emerged this century For some AI is a true scientific discipline that has made important and fundamental contributions to the use of computation for our understanding of nature and phenomena of the human mind for others AI is the black art of computer science Artificial Intelligence Today provides a showcase for the field of AI as it stands today The editors invited contributions both from traditional subfields of AI such as theorem proving as well as from subfields that have emerged more recently such as agents AI and the Internet or synthetic actors The papers themselves are a mixture of more specialized research papers and authorative survey papers The secondary purpose of this book is to celebrate Springer Verlag s Lecture Notes in Artificial Intelligence series   **Reasoning Web. Semantic Technologies for Software Engineering** Uwe Aßmann,Andreas Bartho,Christian Wende,2010-08-21 This book provides a coherent introduction to semantic web methods and research issues with a particular emphasis on reasoning It is based on a collection of six thoroughly revised tutorial papers culled from lectures given by leading researchers   *Current Catalog* National Library of Medicine (U.S.),1993   *Automatic Indexing and Abstracting of Document Texts* Marie-Francine Moens,2005-12-27 Automatic Indexing and Abstracting of Document Texts summarizes the latest techniques of automatic indexing and abstracting and the results of their application It also places the techniques in the context of the study of text manual indexing and abstracting and the use of the indexing descriptions and abstracts in systems that select documents or information from large collections Important sections of the book consider the development of new techniques for indexing and abstracting The techniques involve the following using text grammars learning of the themes of the texts including the identification of representative sentences or paragraphs by means of adequate cluster algorithms and learning of classification patterns of texts In addition the book is an attempt to illuminate new avenues for future research Automatic Indexing and Abstracting of Document Texts is an excellent reference for researchers and professionals working in the field of content management and information retrieval   Resources in Education ,1994   *EPIA'91* Pedro Barahona,Luis Moniz Pereira,Antonio Porto,1991-09-23 The Portuguese Association for Artificial Intelligence has been organizing Portuguese Conferences on Artificial Intelligence now held every second year since 1985 This volume contains selected papers from the Fifth Conference on Artificial Intelligence The conference has an international status 62 contributions from 13 countries were received of which 26 were from Portugal To guarantee a high scientific standard all the contributions were reviewed by at least three researchers and only 20 papers were accepted and included in these proceedings The papers are organized into sections on constraints search knowledge representation temporal reasoning planning diagnosis and repair and learning   **Inductive Logic Programming** Stefan

Kramer,Bernhard Pfahringer,2005-08-29 1 Change is inevitable Embracing this quote we have tried to carefully exp iment with the format of this conference the 15th International Conference on Inductive Logic Programming hopefully making it even better than it already was But it will be up to you the inquisitive reader of this book to judge our success The major changes comprised broadening the scope of the conference to include more diverse forms of non propositional learning to once again have tutorials on exciting new areas and for the rst time to also have a discovery challenge as a platform for collaborative work This year the conference was co located with ICML 2005 the 22nd Inter tional Conference on Machine Learning and also in close proximity to IJCAI 2005 the 19th International Joint Conference on Arti cial Intelligence location can be tricky but we greatly bene ted from the local support provided by Codrina Lauth Michael May and others We were also able to invite all ILP and ICML participants to shared events including a poster session an invited talk and a tutorial about the exciting new area of statistical relational lea ing Two more invited talks were exclusively given to ILP participants and were presented as a kind of stock taking ttingly so for the 15th event in a series but also tried to provide a recipe for future endeavours   **The Book of the Lamborghini Murciélago** Thillainathan Path Pathmanathan,Thillainathan ""Path"".
