largest city in South America and the powerhouse of Brazil's economy. A multi-racial metropolis with a diverse population of Asian, Arabic, and European immigrants, as well as migrants from other parts of Brazil, it is a global city with international reach. Films set in São Paulo often replace the postcard images of beautiful tropical beaches and laid-back lifestyles with working environments and the search for better opportunities. Bikinis and flip-flops give way to urban subcultures, sport, entertainment, and artistic movements. The ability to transcend national boundaries and its resistance to stereotypical images of an exotic Brazil make São Paulo a fascinating location in which to explore Brazil's changing economic and cultural landscapes.

World Film Locations: Havana Ann Marie Stock, 2014-01-01. Havana is among the world's leading cinematic locales. In films made beyond the island as well as those created by local cineastes, Havana is depicted as a vibrant Caribbean city. The quantity and quality of the works representing this tropical cityscape attest to the prominence of this film location and underscore the need for a book dedicated to it. World Film Locations: Havana situates Havana as a modern city in pre-Revolutionary times, noting the architectural and cultural shifts evident during the revolution and comments on recent reconfigurations of the city and its inhabitants in the wake of global forces. Among the forty-six scene reviews chosen to show the city in all its multifaceted glory, films such as *Our Man in Havana*, *I Am Cuba*, *Hello Hemingway*, *Habana Blues*, and *Chico and Rita* are bookended by seven insightful essays. The essays look at the history of revolutionary cinema in Cuba and consider documentary films from the Latin American Newsreel to avant-garde experimental work, including the island's documentary tradition showcasing local faces and places that have paved the way for present-day media and audio-visual art. The essays also explore the multifaceted film culture of the capital, the cine club movement, historic cinemas, and film venues around the city, the abundance of film festivals such as the International Festival of New Latin American Cinema, and film-themed cafeterias, restaurants, bookstores, and markets.

Directory of World Cinema: Brazil Louis Bayman, Natalia Pinazza, 2014-02-15. Best known to international audiences for its carnivalesque irreverence and recent gangster blockbusters, Brazilian cinema is gaining prominence with critics at global film festivals and on DVD shelves. This volume seeks to introduce newcomers to Brazilian cinema and to offer valuable insights to those already well-versed in the topic. It brings into sharp focus some of the most important movements, genres, and themes from across the eras of Brazilian cinema, from cinema novo to musical chanchada, the road movie to cinema de bordas, avant-garde to pornochanchada. Delving deep beyond the surface of cinema, the volume also addresses key themes such as gender, indigenous and diasporic communities, and Afro-Brazilian identity. Situating Brazilian cinema within the country's changing position in the global capitalist system, the essays consider uneven modernization, class division, dictatorship, liberation struggles, and globalization alongside questions of entertainment and artistic innovation.
