Russia in World History Choi Chatterjee,2022-01-27 Russia in World History uses a comparative framework to understand Russian history in a global context The book challenges the idea of Russia as an outlier of European civilization by examining select themes in modern Russian history alongside cases drawn from the British Empire Choi Chatterjee analyzes the concepts of nation and empire selfhood and subjectivity socialism and capitalism and revolution and the world order in the 19th 20th and 21st centuries In doing so she rethinks many historical narratives that bluntly posit a liberal West against a repressive authoritarian Russia Instead Chatterjee argues for a wider perspective which reveals that imperial practices relating to the appropriation of human and natural resources were shared across European empires both East and West Incorporating the stories of famous thinkers such as Leo Tolstoy Emma Goldman Wangari Maathai Arundhati Roy among others This unique interpretation of modern Russia is knitted together from the varied lives and experiences of those individuals who challenged the status quo and promoted a different way of thinking This is a ground breaking book with big and provocative ideas about the history of the modern world and will be vital reading for students of both modern Russian and world history

A Final Story Nasser Zakariya,2017-11-14 Towards a Final Story is the first history of the modern

scientific epic These epic stories pull together our knowledge of the universe uniting material and biological origins from beginning to end The authors of these epics among them Carl Sagan E O Wilson and Steven Weinberg saw their task as providing an integrated schema that would not only bring together but also go beyond the particular scientific results and disciplines available as they wrote their histories Nasser Zakariya traces how such epic stories could achieve what they claimed how they inhabit culture and politics and how they arrived at the present moment from a period in the previous century when inquiries into ultimate origins were regarded by many as unscientific and unanswerable These prominent popular historical narratives of science are important forms of knowledge in their own right They expose what science means in the wider culture and at the same time focus attention on the near paradoxical nature of a universal history narrated by humanity for humanity The Prospect of Global History James Belich, John Darwin, Margret Frenz, Chris

Wickham, 2016-02-11 The Prospect of Global History takes a new approach to the study of global history seeking to apply it rather than advocate it The volume seeks perspectives on history from East Asian and Islamic sources as well as European ones and insists on depth in historical analysis The Prospect of Global History will speak to those interested in medieval and ancient history as well as modern history Chapters range from historical sociology to economic history from medieval to modern times from European expansion to constitutional history and from the United States across South Asia to China

The Limits of Empire: European Imperial Formations in Early Modern World History William Reger, 2016-03-03 This volume published in honor of historian Geoffrey Parker explores the working of European empires in a global perspective focusing on one of the most important themes of Parker's work the limits of empire which is to say the centrifugal forces sacral dynastic military diplomatic geographical informational that plagued imperial formations in the early modern period 1500 1800 During this time of wrenching technological demographic climatic and economic change empires had to struggle with new religious movements incipient nationalisms new sea routes new military technologies and an evolving state system with complex new rules of diplomacy Engaging with a host of current debates the chapters in this book break away from conventional historical conceptions of empire as an essentially western phenomenon with clear demarcation lines between the colonizer and the colonized These are replaced here by much more fluid and subtle conceptions that highlight complex interplays between coalitions of rulers and ruled In so doing the volume builds upon recent work that increasingly suggests that empires simply could not exist without the consent of their imperial subjects or at least significant groups of them This was as true for the British Raj as it was for imperial China or Russia Whilst the thirteen chapters in this book focus on a number of geographic regions and adopt different approaches each shares a focus on and interest in the working of empires and the ways that imperial formations dealt with or failed to deal with the challenges that beset them Taken together they reflect a new phase in the evolving historiography of empire They also reflect the scholarly contributions of the dedicatee Geoffrey Parker whose life and work are discussed in the introductory chapters and we're proud to say in a delightful chapter

by Parker himself an autobiographical reflection that closes the book **Limiting Outer Space** Alexander C.T. Geppert, 2018-04-18 Limiting Outer Space propels the historicization of outer space by focusing on the Post Apollo period After the moon landings disillusionment set in Outer space no longer considered the inevitable destination of human expansion lost much of its popular appeal cultural significance and political urgency With the rapid waning of the worldwide Apollo frenzy the optimism of the Space Age gave way to an era of space fatigue and planetized limits Bringing together the history of European astroculture and American Soviet spaceflight with scholarship on the 1970s this cutting edge volume examines the reconfiguration of space imaginaries from a multiplicity of disciplinary perspectives Rather than invoking oft repeated narratives of Cold War rivalry and an escalating Space Race Limiting Outer Space breaks new ground by exploring a hitherto underrated and understudied decade the Post Apollo period **Handbook of Genocide Studies** David J. Simon, Leora Kahn, 2023-02-14 Providing an intellectual biography of the challenging concept of genocide this topical Handbook takes an interdisciplinary approach to shed new light on the events processes and legacies in the field *The Global History of Paleopathology* Jane Buikstra, Charlotte Roberts, 2011-05-01 The Global History of Paleopathology is the first comprehensive global compendium on the history of paleopathology an interdisciplinary scientific discipline that focuses on the study of ancient disease Offering perspectives from regions that have traditionally had long histories of paleopathology such as the United States and parts of Europe this volume also presents important work by an international roster of scholars who are writing their own regional and cultural histories in the field The book identifies major thinkers and figures who have contributed to paleopathology as well as significant organizations and courses that have sponsored scientific research and communication most notably the Paleopathology Association The volume concludes with an eye towards the future of the discipline discussing methods and research at the leading edge of paleopathology particularly those that employ the analysis of ancient DNA and isotopes **Handbook Global History of Work** Karin Hofmeester, Marcel van der Linden, 2017-11-20 Coffee from East Africa wine from California chocolate from the Ivory Coast all those every day products are based on labour often produced under appalling conditions but always involving the combination of various work processes we are often not aware of What is the day to day reality for workers in various parts of the world and how was it in the past How do they work today and how did they work in the past These and many other questions comprise the field of the global history of work a young discipline that is introduced with this handbook In 8 thematic chapters this book discusses these aspects of work in a global and long term perspective paying attention to several kinds of work Convict labour slave and wage labour labour migration and workers of the textile industry but also workers organisation strikes and motivations for work are part of this first handbook of global labour history written by the most renowned scholars of the profession The ... Mental Measurements Yearbook Oscar Krisen Buros, 1978 **The Deluge** Adam Tooze, 2015-12 A searing and highly original analysis of the First World War and its anguished aftermath from the prizewinning economist and

author of *Shutdown Crashed* and *The Wages of Destruction* Winner of the Los Angeles Times Book Prize History Finalist for the Kirkus Prize Nonfiction In the depths of the Great War with millions dead and no imaginable end to the conflict societies around the world began to buckle The heart of the financial system shifted from London to New York The infinite demands for men and materiel reached into countries far from the front The strain of the war ravaged all economic and political assumptions bringing unheard of changes in the social and industrial order A century after the outbreak of fighting Adam Tooze revisits this seismic moment in history challenging the existing narrative of the war its peace and its aftereffects From the day the United States enters the war in 1917 to the precipice of global financial ruin Tooze delineates the world remade by American economic and military power Tracing the ways in which countries came to terms with America's centrality including the slide into fascism *The Deluge* is a chilling work of great originality that will fundamentally change how we view the legacy of World War I

Towards a Global History of Domestic and Caregiving Workers, 2015-05-26 Domestic and caregiving work has been at the core of human existence throughout history Poorly paid or even unpaid this work has been assigned to women in most societies and occasionally to men often as enslaved indentured adopted workers While some use domestic service as training for their own future independent households others are confined to it for life and try to avoid damage to their identities Part One Employment conditions are even worse in colonizer colonized dichotomies in which the subalternized have to run the households of administrators who believe they are running an empire Part Two Societies and states set the discriminatory rules those employed develop strategies of resistance or self protection Part Three A team of international scholars addresses these issues globally with a deep historical background Contributors are Ally Shireen Eileen Boris Dana Cooper Jennifer Fish David R Goodman Mary Gene De Guzman Jaira Harrington Victoria Haskins Dirk Hoerder Elizabeth Hordge Freeman Majda Hrenjak Elizabeth Hutchison Dimitris Kalantzopoulos Bela Kashyap Marta Kindler Anna Kordasiewicz Ms Lokesh Sabrina Marchetti Robyn Pariser Jessica Richter Magaly Rodriguez Garcia Raffaella Sarti Adla Souralov Yukari Takai and Andrew Urban

Quarantine Alison Bashford, 2016-07-29 Over five centuries a global archipelago of quarantine stations came to connect the world's oceans from the Mediterranean to the South Pacific from Atlantic coasts to the Red Sea In the process great new carceral structures materialised many surviving into the present as magnificent ruins or as 5 star hotels with a dark tourism edge This book offers new histories and geographies of quarantine islands and isolation hospitals across the world bringing their local and global pasts and present into view An international cast of leading experts examine the enduring historical problems of migration and mobility segregation prevention and protection by states with different interests in freedoms health and commerce With case studies from as far afield as the Red Sea Hong Kong and New Zealand and from the early modern period forward this book provides an invaluable insight into the history of quarantine

Disability and Vocational Rehabilitation in Rural Settings Debra A. Harley, Noel A. Ysasi, Malachy L. Bishop, Allison R. Fleming, 2017-11-03 This first of its kind textbook surveys rehabilitation and vocational

programs aiding persons with disabilities in remote and developing areas in the U S and abroad Contributors discuss longstanding challenges to these communities most notably economic and environmental obstacles and ongoing barriers to service delivery as well as their resilience and strengths Intersections of health social structural and access disparities are shown affecting rural disabled populations such as women racial and sexual minorities youth and elders In terms of responses a comprehensive array of healthcare and health policy solutions and recommendations is critiqued with regard to health employment and service effectiveness outcomes Included among the topics Healthcare initiatives strategies and challenges for people with disabilities in rural frontier and territory settings Challenges faced by veterans residing in rural communities The Asia and Pacific region rural urban impact on disability Challenges after natural disaster for rural residents with disabilities Meeting the needs of rural adults with mental illness and dual diagnoses Capacity building in rural communities through community based collaborative partnerships Disability and Vocational Rehabilitation in Rural Settings makes a worthy textbook for graduate students and upper level undergraduates in the fields of social work community and environmental psychology public health sociology education and geography Its professional audience also includes vocational rehabilitation counselors serving these dynamic populations

Perspectives of Black Histories in Schools LaGarrett J. King,2019-11-01

Concerned scholars and educators since the early 20th century have asked questions regarding the viability of Black history in k 12 schools Over the years we have seen k 12 Black history expand as an academic subject which has altered research questions that deviate from whether Black history is important to know to what type of Black history knowledge and pedagogies should be cultivated in classrooms in order to present a more holistic understanding of the group s historical significance Research around this subject has been stagnated typically focusing on the subject s tokenism and problematic status within education We know little of the state of k 12 Black history education and the different

perspectives that Black history encompasses The book *Perspectives on Black Histories in Schools* brings together a diverse group of scholars who discuss how k 12 Black history is understood in education The book s chapters focus on the question what is Black history and explores that inquiry through various mediums including its foundation curriculum pedagogy policy and psychology The book provides researchers teacher educators and historians an examination into how much k 12 Black history has come and yet how long it still needed to go

Climate Change and the Course of Global History John L. Brooke,2014-03-17 The first global study by a historian to fully integrate the earth system approach of the new climate science with the material history of humanity

Education, Law and Diversity Neville Harris,2020-01-09 This new edition of *Education Law and Diversity* provides extensive updated analysis from a legal perspective of how the education system responds to social diversity and how the relevant social and cultural rights of individuals and groups are affected It spans wide ranging areas of school provision including types of school including faith schools the school curriculum choice of school out of school settings and duties towards children with special needs and disabilities It gives extensive coverage to children s rights in the context of education and includes considerable new material on issues including relationships and sex education exclusion from school home education equal access counter extremism and academisation The new edition also retains and updates areas of debate in the book such as those concerned with multiculturalism and the position of religion in schools It continues to focus on England but also makes reference to other jurisdictions within the UK and internationally It is essential reading for anyone interested in the legal and related policy issues surrounding children s education today
