Women and Gender in International History Karen Garner, 2018-06-28 Most governments and global political organizations have been dominated by male leaders and structures that institutionalize male privilege As *Women and Gender in International History* reveals however women have participated in and influenced the traditional concerns of international history even as they have expanded those concerns in new directions Karen Garner provides a timely synthesis of key scholarship and establishes the influential roles that women and gender power relations have wielded in determining the course of international history From the early 20th century onward women have participated in state to state relations and decisions about when to pursue diplomacy or when to go to war to settle international conflicts Particular women as well as masculine and feminine gender role constructs have also influenced the establishment and evolution of intergovernmental organizations and their political social and economic policy making
