*Literati Limericks: Academic Arcana in Pithy Quips* Jeannette Ramirez, 2007     *The Way Of One And The Fate of a World Divided* W. Alexander Wheeler, Ph.D., 2019-04-25 One need not hear the words of a prophet to know that we stand at the brink of explosive global change unparalleled in the history of the world. But if we are given the words of a prophet and fail to pay heed, such change can now only lead to the final self-destructive act in the human tragedy. This book delivers to humanity a message commissioned by no less than the universal and unlimited Source of all knowledge, wisdom and vision critical to the future survival of our world. Like a topographical map that from a bird's-eye view indicates to us the path of least resistance, the Source points the way beyond war and violence, greed and fear and toward a higher transcendental sanity to match the needs of the critical times in which we live. The Way of One: Given the ever-increasing speed at which we are advancing toward our final destiny, we can ill afford to defy or ignore the immortal and dramatic vision of truth that is contained within these pages.

*Figments of Reality* Ian Stewart, Jack Cohen, 1997-07-28 Is the universe around us a figment of our imagination? Or are our minds figments of reality? In this refreshing new look at the evolution of mind and culture, bestselling authors Ian Stewart and Jack Cohen eloquently argue that our minds necessarily evolved inextricably within the context of culture and language. They go beyond conventional reductionist ideas to look at how the mind is the response of an evolving brain trying to grapple with a complex environment. Along the way, they develop new and intriguing insights into the nature of evolution, science and humanity.
