*Arabs and Jews in Ottoman Palestine* Alan Dowty,2020-03-04 The historian and expert on Israeli Palestinian relations offers a well written well balanced account of cultural conflicts in the region before WWI Anita Shapira author of *Israel A History* When did the Arab Israeli conflict begin Some discussions focus on the 1967 war some go back to the creation of the state of Israel in 1948 and others look to the beginning of the British Mandate in 1922 Alan Dowty however traces the earliest roots of the conflict to the Ottoman Empire in the 19th century

arguing that this historical approach highlights constant clashes between religious and ethnic groups in Palestine Dowty demonstrates that during the 19th century there was an overwhelming hostility to European foreigners and that Arab residents viewed new Jewish settlers as European He also shows that Jewish settlers had tremendous incentive to minimize all obstacles to settlement including the inconvenient hostility of the existing population Dowty's thorough research reveals how events that occurred over 125 years ago shaped the implacable conflict that dominates the Middle East today **Deep Inequality** Earl Wysong, Robert Perrucci, 2017-11-17 Forbes reports that the richest 1 percent of the world's population owns nearly half the world's wealth and the gap between the richest and poorest of the world only continues to increase Deep Inequality looks behind these stark statistics to understand not only wealth inequality but also rising disparities in other elements of life from education to the media The authors argue that inequality has become so pervasive that it is the new normal When we do recognize troubling inequality we look at individual or small scale problems without understanding the broader structural issues that shape the economy the global political system and more Only by understanding the structural forces at play can we recognize the deep divisions in our society and work for meaningful change Deep Inequality explains the changing landscape of inequality to help readers see society in a new way **Dreams, Visions, and the Western Writer** Pasquale De Marco, 2025-07-24 The American West is a land of vast contrasts It is a place of rugged beauty and harsh realities of dreams and disappointments The West has been a source of inspiration for artists writers and filmmakers for centuries It is a place that has captured the imagination of people all over the world In this book we will explore the many facets of the American West We will examine the myths and realities of the Western dream the role of the artist in shaping the Western myth and the impact of the West on American culture This book is divided into ten chapters each of which explores a different aspect of the American West The chapters cover a wide range of topics including the history of the West the culture of the West and the environment of the West This book is essential reading for anyone who wants to understand the American West It is a book that will challenge your assumptions and change the way you think about the West About the Author Pasquale De Marco is a writer and historian who has spent his life exploring the American West He is the author of several books on the West including Dreams Visions and the Western Writer If you like this book write a review **Eerie Archives Volume 15** Archie Goodwin, Gene Colan, Bill DuBay, Gerry Boudreau, 2014-02-04 Slithering upon the heels of Dark Horse's archive collections of the seminal horror comics magazine Creepy comes its terror filled cousin publication Eerie Collected for fans for the first time ever and packaged in the same amazing oversized format as the Creepy Archives Dark Horse Comics has taken great gruesome care in presenting this groundbreaking material to readers who have been waiting decades to get their claws on it *Mary Magdalene Never Wore Blue Eye Shadow* Amanda Hope Haley, 2019-10-15 Truth Legend and the Stories You Thought You Knew Tradition suggests Mary Magdalene was a prostitute and Jesus was born in a barn But what does the Bible really say Armed with her theology degree archaeological experience and sharp wit Amanda

Hope Haley clears up misconceptions of Bible stories and encourages you to dig into Scripture as it is written rather than accept versions altered by centuries of human interpretations Providing context with native languages historical facts literary genres and relevant anecdotes Haley demonstrates how Scripture when read in its original context is more than a collection of fairy tales or a massive rule book It s God s revelation of Himself to us She teaches you to understand how the books of the Bible were written transmitted and translated recognize the differences between genuine Scripture and popular doctrines boldly seek God in His own words ask questions of tradition and find answers in the texts grow in your understanding of God and appreciation of the Bible s intimate and complex revelation of His nature It s time to abandon the gods of tradition and meet God in His Word      *Global Meaning Making* Lori Czop Assaf,Patience Sowa,Katina Zammit,2022-08-23 Global Meaning Making disrupts and interrogates the contradictions and tensions in language and literacy global scholarship reimagining global approaches that respect the histories ways of knowing needs hopes and values of voices beyond the western including those from the Global South
