*Plant Breeding Reviews, Volume 41* Irwin Goldman, 2018-03-27 Plant Breeding Reviews presents state of the art reviews on plant genetics and the breeding of all types of crops by both traditional means and molecular methods Many of the crops widely grown today stem from a very narrow genetic base understanding and preserving crop genetic resources is vital to the security of food systems worldwide The emphasis of the series is on methodology a fundamental understanding of crop genetics and applications to major crops

*A World History of the Seas* Michael North, 2021-11-18 Offering an introduction to the world's seas as a platform for global exchange and connection Michael North offers an impressive world history of the seas over more than 3 000 years Exploring the challenges and dangers of the oceans that humans have struggled with for centuries he also shows the possibilities and opportunities they have provided from antiquity to the modern day Written to demonstrate the global connectivity of the seas but also to highlight regional maritime power during different eras A World History of the Seas takes sailors merchants and migrants as the protagonists of these histories and explores how their experiences and perceptions of the seas were consolidated through trade and cultural exchange Bringing together the various maritime historiographies of the world and underlining their unity this book shows how the ocean has been a vital and natural space of globalization Carrying goods creating alliances linking continents and conveying culture the history of the ocean played a central role in creating our modern globalized world

*Virginia Politics & Government in a New Century* Jeff Thomas, 2016-10-24 The modern political landscape of Virginia bears little resemblance to the past The commonwealth is a nationally influential swing state alongside stalwarts like Florida or Ohio But with increased power comes greater scrutiny and corruption Governor Bob McDonnell received a jail sentence on federal corruption charges later vacated by the U S Supreme Court Corporate influence on the state legislature and other leaders resulted in numerous ethics violations Scandal erupted at the prestigious University of Virginia when the school ousted its president amid political drama and intrigue Author Jeff Thomas reveals the intersection of money power and politics and the corrosive effect on government in a new era

*The Comic Art of War* Christina M. Knopf, 2015-07-28 For military cartoonists the absurdity of war inspires a laugh or cry response and provides an endless source of un funny amusement Cartoons by hundreds of artists at arms from more than a dozen countries and spanning two centuries are included in this study the first to consider such a broad range of military comics War and military life are examined through the inside jokes of the men and women who served The author analyzes themes of culture hierarchy enemies and allies geography sexuality combat and civilian relations and describes how comics function within a community A number of artists included were known for their work with Disney Marvel Comics the New Yorker and Madison Avenue but many lesser known artists are recognized

*The Relentless Revolution: A History of Capitalism* Joyce Appleby, 2011-03-07 Splendid the global history of capitalism in all its creative and destructive glory New York Times Book Review With its deep roots and global scope the capitalist system seems universal and timeless The

framework for our lives it is a source of constant change sometimes measured and predictable sometimes drastic out of control Yet what is now ubiquitous was not always so Capitalism was an unlikely development when it emerged from isolated changes in farming trade and manufacturing in early modern England Astute observers began to notice these changes and register their effects Those in power began to harness these new practices to the state enhancing both A system generating wealth power and new ideas arose to reshape societies in a constant surge of change Approaching capitalism as a culture as a historical development that was by no means natural or inevitable Joyce Appleby gives us a fascinating introduction to this most potent creation of mankind from its origins to its present global reach *Special Warfare*, 2011 The Media Snatcher Carl Therrien, 2019-10-08 An in depth exploration of a neglected video game platform of the 1990s and a reflection on the way we construct the cultural history of video games In The Media Snatcher Carl Therrien offers an in depth exploration of NEC's PC Engine TurboGrafx 16 a little studied video game platform released in the late 1980s The PC Engine was designed to bring technological expandability to the world of game consoles The Media Snatcher's subtitle evokes some of the expansions and the numerous rebranded versions of the system released by NEC including the first CD ROM add on in video game history The platform makers hoped that expandability would allow its console to remain at the cutting edge and even catch up with such perceptually rich media as cinema and anime More than a simple shape shifter the PC Engine became a media snatcher Therrien examines the multidirectional interactions of video game technologies commercial structures and cultural dynamics He considers among other things hyperbolic marketing and its impact on how we construct video game history glitches technological obsolescence and the difficulty of conducting media archaeology of the recent past the emergence of male centered power fantasies through audiovisual rewards the rise of original genres such as visual novels and the sustained efforts to integrate PC Engine software in the sprawling media landscape of Japan where the PC Engine found much of its success Avoiding the usual techno industrial glorification Therrien recounts the bold technological aspirations of the platform makers and the struggles to make the actual technology realize its potential **Rethinking the Age of Revolution** Michael McDonnell, 2017-03-27 In the last twenty years scholars have rushed to re-examine revolutionary experiences across the Atlantic through the Americas and more recently in imperial and global contexts While Revolution has been a perennial favourite topic of national historians a new generation of historians has begun to eschew traditional foundation narratives and embrace the insights of Atlantic and transnational history to re-examine what is increasingly called the Age of Revolution This volume raises important questions about this new turn and contributors pay particular attention to the hidden peoples and forces at work in this Revolutionary world From Indian insurgents in Columbia and the Andes to the terror exercised on the sailors and soldiers of imperial armies and from Dutch radicals to Senegalese chiefs these contributions reveal a new social history of the Age of Revolution that has sometimes been deliberately obscured from view This book was originally published as a special issue of Atlantic Studies **Smart from the Start** James H. Stronge, Jessica

*Caring for Latinxs with Dementia in a Globalized World* Hector Y. Adames, Yvette N. Tazeau, 2020-03-25 This volume provides a broad and critical presentation of the behavioral and psychosocial treatments of Latinxs with dementia in the United States U.S. and across a representative sample of Spanish speaking countries in the world. The compendium of chapters written by researchers, practitioners and policy analysts from multiple disciplines provides a deep exploration of the current state of dementia care for Latinxs in the U.S. and around the globe. The volume is designed to increase and strengthen the collective scientific and sociocultural understanding of the epidemiological and biopsychosocial factors as well as the overlapping systemic challenges that impact diagnosis and symptom management of Latinxs with dementia. The authors introduce policy options to reduce risk factors for dementia and present culturally responsive interventions that meet the needs of Latinx patients and their caregivers. Highlighted topics featured in the book include: Contextual cultural and socio-political issues of Latinxs with dementia; New meta-analysis of dementia rates in the Americas and Caribbean; Dementia related behavioral issues and placement considerations; Educational diagnostic and supportive psychosocial interventions; Pharmacological, non-pharmacological and ethnocultural healthcare interventions; Intersectionality as a practice of dementia care for sexual and gender minoritized Latinxs; Prescriptions for policy and programs to empower older Latinxs and their families. *Caring for Latinxs with Dementia in a Globalized World: Behavioral and Psychosocial Treatments* is a resource that accentuates and contextualizes the heterogeneity in nationality.

immigration race sexual orientation gender and political realities It is a key reference for a wide range of fields inclusive of demography geriatrics gerontology medicine mental health neurology neuropsychology nursing occupational therapy pharmacology psychiatry psychology rehabilitation social work sociology and statistics all of which collectively bear on the problem and the solutions for better care for Latinxs affected by dementia Imposing Standards Martin Hearson,2021-06-15 In Imposing Standards Martin Hearson shifts the focus of political rhetoric regarding international tax rules from tax havens and the Global North to the damaging impact of this regime on the Global South Even when not exploited by tax dodgers international tax standards place severe limits on the ability of developing countries to tax businesses denying the Global South access to much needed revenue The international rules that allow tax avoidance by multinational corporations have dominated political debate about international tax in the United States and Europe especially since the global financial crisis of 2007 2008 Hearson asks how developing countries willingly gave up their right to tax foreign companies charting their assimilation into an OECD led regime from the days of early independence to the present day Based on interviews with treaty negotiators policymakers and lobbyists as well as observation at intergovernmental meetings archival research and fieldwork in Africa and Asia Imposing Standards shows that capacity constraints and imperfect negotiation strategies in developing countries were exploited by capital exporting states shielding multinationals from taxation and depriving nations in the Global South of revenue they both need and deserve Thanks to generous funding from the Gates Foundation the ebook editions of this book are available as Open Access volumes from Cornell Open [cornellpress.cornell.edu/cornell-open](https://cornellpress.cornell.edu/cornell-open) and other repositories Cooperation Networks and Economic Development Andrés Cárdenas O'Farrill,2021-02-11 For most Western audiences Cuba is a touristic paradise stuck in time and virtually detached from world technology networks by the US embargo anything but a hub of industrial innovation and high value added biotechnology However a closer look reveals more subtle but equally powerful stories that challenge the homogenizing assumptions of conventional economics and open up scope for more sophisticated reflections on Cuban economy and industry From this kind of enquiry emerges the case of the internationally respected Cuban biotech industry as the most successful case of science and technology policy in the country's economic history The book takes an interdisciplinary approach exploring issues such as interdependency purpose and history as natural constituencies of the innovation process It also examines the dynamic and crucial role played by the state in the formation of innovative business enterprises This book will be of interest to academic researchers in the fields of innovation and economic development **Conspiracy Theories in the Time of Covid-19** Clare Birchall,Peter Knight,2022-11-04 Conspiracy Theories in the Time of Covid 19 provides a wide ranging analysis of the emergence and development of conspiracy theories during the Covid 19 pandemic with a focus on the US and the UK The book combines digital methods analysis of large datasets assembled from social media with politically and culturally contextualised close readings informed by cultural studies In contrast to other studies which often have an

alarmist take on the infodemic it places Covid 19 conspiracy theories in a longer historical perspective It also argues against the tendency to view conspiracy theories as merely evidence of a fringe or pathological way of thinking Instead the starting assumption is that conspiracy theories including Covid 19 conspiracy theories often reflect genuine and legitimate concerns even if their factual claims are wide of the mark The authors examine the nature and origins of the conspiracy theories that have emerged the identity and rationale of those drawn to Covid 19 conspiracism how these conspiracy theories fit within the wider political economic and technological landscape of the online information environment and proposed interventions from social media platforms and regulatory agencies This book will appeal to anyone interested in conspiracy theories misinformation culture wars social media and contemporary society The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution CC BY 4.0 license

**World Literature Decentered** Ian Almond, 2021-07-13 What would world literature look like if we stopped referring to the West Starting with the provocative premise that the West is ten percent of the planet *World Literature Decentered* is the first book to decenter Eurocentric discourses of global literature and global history not just by deconstructing or historicizing them but by actively providing an alternative Looking at a series of themes across three literatures Mexico Turkey and Bengal the book examines hotels melancholy orientalism femicide and the ghost story in a series of literary traditions outside the West The non West the book argues is no fringe group or token minority in need of attention on the contrary it constitutes the overwhelming majority of this world

**Book Review Digest**, 2009 *The Oxford Handbook of Law and Anthropology* Marie-Claire Foblets, Mark Goodale, Maria Sapignoli, Olaf Zenker, 2022 Represents a comprehensive and interdisciplinary treatment to the field of law and anthropology Decenters the standard Anglo Euro centric bias that prevails in both law and anthropology Gives unique perspectives on issues of contemporary relevance Provides the historical background but focuses on the future of the field Book jacket
