Einstein's Pacifism and World War I Virginia Iris Holmes, 2017-06-22 To understand how Albert Einstein's pacifist and internationalist thought matured from a youthful inclination to pragmatic initiatives and savvy insights Holmes gives readers access to Einstein in his own words Through his private writings she shows how Einstein's thoughts and feelings in response to the war evolved from horrified disbelief to ironic alienation from both the war's violence and patriotic support for it by the German people to a kind of bleak endurance Meanwhile his outward responses progressed from supporting initiatives of other pacifists to developing his own philosophy of a postwar order to being the impetus behind initiatives In the beginning of the postwar period Einstein's writing reflected an optimism about Germany's new Weimar Republic and trust in the laudatory effects of military defeat and economic hardship on the German people He clearly supported the principles in US President Woodrow Wilson's Fourteen Points speech Yet Einstein's enthusiasm diminished as he became disappointed in the early Weimar Republic's leaders and as his aversion to the culture of violence developing in Germany grew He also felt offended at the betrayal of Wilson's principles in the Treaty of Versailles Drawing upon personal correspondence and public proclamations Holmes offers an intimate and nuanced exploration of the pacifist thought of one of our greatest intellectuals
