The New World History Ross E. Dunn, Laura J. Mitchell, Kerry Ward, 2016-08-23 The New World History is a comprehensive volume of essays selected to enrich world history teaching and scholarship in this rapidly expanding field. The forty-four articles in this book take stock of the history, evolving literature, and current trajectories of new world history. These essays, together with the editors' introductions to thematic chapters, encourage educators and students to reflect critically on the development of the field and to explore concepts, approaches, and insights valuable to their own work. The selections are organized in ten chapters that survey the history of the movement, the seminal ideas of founding thinkers, and today's practitioners changing concepts of world historical space and time, comparative methods, environmental history, the big history movement, globalization debates over the meaning of Western power, and ongoing questions about the intellectual premises and assumptions that have shaped the field. Studies in World History Volume 2 (Teacher Guide) James P. Stobaugh, 2014-03-18 Teacher guides include insights, helps, and weekly exams as well as answer keys to easily grade course materials. Help make your educational program better: use a convenient teacher guide to have tests, answer keys, and concepts. An essential addition for your coursework team: your student book with this convenient teacher guide filled with testing materials, chapter helps, and essential ways to extend the learning program. The Routledge Handbook of Cooperative Economics and Management Jerome Nikolai Warren, Lucio Biggiero, Jamin Hübner, Kemi Ogunyemi, 2024-12-23 Cooperatives have spread across virtually all continents. Today the International Cooperative Alliance (ICA) recognises over 3 million cooperatives with 1 billion cooperative members or about 12% of the human population and serving many more members of the public collectively owning trillions in assets. This handbook provides a comprehensive introduction to the subject and the current state of affairs with regard to the study of cooperation in the economy generally and of the cooperative and related sectors particularly. It highlights the essential issues and debates, provides a future research agenda outlining the distinctions and similarities between individual and inter-organisational cooperation, and explores the connections of cooperative economics and management to fundamental ethical principles. This book examines

coopetition and the similarities and differences between competitive economics and cooperative economics identifying to what extent and how cooperative economics and management are more capable of addressing the problems of global neoliberalism such as ecological collapse wealth inequity value capture and distribution including via online platforms and social relational problems This book offers a variety of new research and theory building from various disciplines particularly focusing on the fields of economics and management but extending beyond these disciplines to domains such as sociology psychology anthropology and political science It will become the standard reference work for not only a broad and large audience of scholars researchers and students but also interested professionals policymakers regulators and cooperators in the field wishing to orient themselves in a global rapidly developing movement and field of study with reference to issues of producing and allocating resources and focusing on the impact of cooperation on issues like risk trust the development of preferences institutional governance networks and inequity The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Judaism and Christianity in the Age of Constantine Jacob Neusner, 2008-09-15 With the conversion of Constantine in 312 Christianity began a period of political and cultural dominance that it would enjoy until the twentieth century Jacob Neusner contradicts the prevailing view that following Christianity's ascendancy Judaism continued to evolve in isolation He argues that because of the political need to defend its claims to religious authenticity Judaism was forced to review itself in the context of a triumphant Christianity The definition of issues long discussed in Judaism the meaning of history the coming of the Messiah and the political identity of Israel became of immediate and urgent concern to both parties What emerged was a polemical dialogue between Christian and Jewish teachers that was unprecedented In a close analysis of texts by the Christian theologians Eusebius Aphrahat and Chrysostom on one hand and of the central Jewish works the Talmud of the Land of Israel the Genesis Rabbah and the Leviticus Rabbah on the other Neusner finds that both religious groups turned to the same corpus of Hebrew scripture to examine the same fundamental issues Eusebius and Genesis Rabbah both address the issue of history Chrysostom and the Talmud the issue of the Messiah and Aphrahat and Leviticus Rabbah the issue of Israel As Neusner demonstrates the conclusions drawn shaped the dialogue between the two religions for the rest of their shared history in the West
