**Rethinking Scholarly Communication in China** Liu Zhongbo, 2024-09-02 This book examines science and technology policies in China over time and explores the development of scholarly communication through the lens of the political economy of communication Despite political censorship and restrictions on the production of academic knowledge in China the number of scholarly publications has skyrocketed over the past 20 years By explaining these seemingly contradictory phenomena this study provides insight into the complex landscape of scholarly communication in China shaped by the government in collaboration with commercial publishers The book examines the dynamic relationship between the state and the market including their key players which determines the production and dissemination of academic knowledge From a political economy perspective it investigates how the academic governance complex a system that intertwines communication politics and economics has been established in China It then discusses the impact of this

system on the production of academic knowledge in the country The title will serve as a key reference for academics researchers and students interested in the intersection of communication studies librarianship and political science particularly those focusing on China s academic knowledge production and scholarly communication Handbook of Research on Managerial Solutions in Non-Profit Organizations Potocan, Vojko, Ūn?an, Mustafa C., Nedelko, Zlatko, 2016-08-23 Non profit Organizations NPOs are the fastest growing organizations in modern society They exist in a liminal realm between public and private organizations and because of this new jurisdictions are created for NPOs The existence of NPOs is contingent upon their adequacy and management is a key determining factor as to whether an organization survives The Handbook of Research on Managerial Solutions in Non Profit Organizations provides relevant theoretical frameworks and the latest empirical research findings related to the successful management of nonprofits Providing insights into the best practices and valuable comparisons between strategies in different contexts this book gives invaluable support for nonprofit managers policy makers students and researchers The Alcalde , 1999-01 As the magazine of the Texas Exes The Alcalde has united alumni and friends of The University of Texas at Austin for nearly 100 years The Alcalde serves as an intellectual crossroads where UT s luminaries artists engineers executives musicians attorneys journalists lawmakers and professors among them meet bimonthly to exchange ideas Its pages also offer a place for Texas Exes to swap stories and share memories of Austin and their alma mater The magazine s unique name is Spanish for mayor or chief magistrate the nickname of the governor who signed UT into existence was The Old Alcalde **Rankings and the Reshaping of Higher Education** Ellen Hazelkorn, 2015-03-23 University rankings have gained popularity around the world and are now a significant factor shaping reputation This second edition updates Ellen Hazelkorn s first comprehensive study of rankings from a global perspective drawing in new original research and extensive analysis It is essential reading for policymakers managers and scholars How World-Class Universities Affect Global Higher Education Ying Cheng, Qi Wang, Nian Cai Liu, 2014-09-23 World class universities commonly recognized as global research universities or flagship universities are cornerstone institutions embedded in any academic system and play an important role in developing a nation s competitiveness in the global knowledge economy The development of world class universities is high on the policy agenda of various stakeholders across the globe In the past few years an increasing number of nations regions and higher education institutions in both developed and developing countries have joined the same race for academic excellence and have adopted a range of development strategies and implemented various reforms From a comparative perspective How World Class Universities Affect Global Higher Education intends to provide an in depth picture of excellence initiatives and relevant policies adopted in various nations and regions and to reflect opportunities and challenges of developing excellence Catastrophe and Higher Education Jeffrey R. Di Leo, 2020-12-11 This book asks what it means to live in a higher educational world continuously tempered by catastrophe Many of the resources for response and resistance to catastrophe have long been

identified by thinkers ranging from Ralph Waldo Emerson and William James to H G Wells and Emanuel Haldeman Julius Di Leo posits that hope and resistance are possible if we are willing to resist a form of pessimism that already appears to be drawing us into its arms Catastrophe and Higher Education argues that the future of the humanities is tied to the fate of theory as a form of resistance to neoliberalism in higher education It also offers that the fate of the academy may very well be in the hands of humanities scholars who are tasked with either rejecting theory and philosophy in times of catastrophe or embracing it

**In Pursuit of World-Class Universities** Marcelo Rabossi,K.M. Joshi,Saeed Paivandi,2018-03-10 The pursuit to construct world class universities is an ongoing global obsession across the world which lays emphasis on the development of competitive higher education and research systems as core national economic approach The portrayal world class is more contextual rather than absolute the expression world class university has an irrefutable cachet There is no solo clear cut definition of what organises a world class university WCU but there are few common attributes that majority of the experts point towards The three attributes stated by Philip Altbach and Jamil Salmi that focus on a high concentration of talent abundant resources and favourable governance have been widely discussed in writings and practice Both in developing and developed countries policymakers and higher education leaders are attempting to identify and outline their desires and plans aimed at achieving global ranking for their university universities Despite condemnation of the methodology the choice of indicators and weightings and the reliability and quality of data used for comparing performance the obsession for constructing world class universities has increased over the period of time But how much do we really discern or comprehend regarding the ranking systems What do the rankings really measure Do rankings measure the quality and help in attaining the broad assignment of higher education Does the competition as outcome of ranking raise standards Is the ranking system an apposite instrument to frame higher education policies This edited volume tries to look at the concept of world class universities in milieu of different countries of the world and explore their experiences either in existing WCUs or constructing WCU or attempting to create WCU The country based chapters show differentiated paths of achievements and their approach towards the concept of WCU
