The first in the famous fantasy series writer Edgar Rice Burroughs's Caspak trilogy *The Land That Time Forgot* was first published in Blue Book Magazine in 1918. Starting out as a harrowing wartime sea adventure, Burroughs's story ultimately develops into a lost world story reminiscent of Burroughs adds his own twist by postulating a unique biological system for his lost world in which the slow progress of evolution in the world outside is recapitulated as a matter of individual metamorphosis. This system is only hinted at in *The Land That Time Forgot* presented as a mystery whose explication is gradually worked out over the course of the next two novels; it forms a thematic element serving to unite three otherwise rather loosely linked stories. **Beyond the Farthest Star** Edgar Rice Burroughs, 2021-09

NEVER BEFORE PUBLISHED RESTORED EDITION FROM EDGAR RICE BURROUGHS INC. In 1940 as the world hurtled into the darkness of global conflict, Edgar Rice Burroughs turned his legendary writing talents toward an interstellar tale of wonder and adventure set on a war-racked planet one whose star was so distant that it was invisible to the Earth's most powerful telescopes. Featuring a protagonist who is transported to the planet Poloda by means reminiscent of John Carter's projection to Mars, *Beyond the Farthest Star* is set in a wholly unique solar system in which all the planets are aligned in the same orbit and connected by means of an atmosphere tube that allows for potential travel between worlds via airplane. What has been unknown to readers is that the 1941 Blue Book magazine publication comprising Part I of *Beyond the Farthest Star* was heavily edited with a substantial number of line edits on almost every page and several lengthy and meaningful passages, some more than a page long, excised throughout. That altered and abridged text was used as the basis for all book editions of the novel until now. We are pleased to announce that we have gone back to Edgar Rice Burroughs' original typescript from our archives in Tarzana, California, and restored the author's preferred text of the novel in *Beyond the Farthest Star* Restored Edition. Now for the first time, enjoy this classic science fiction adventure in the way that Edgar Rice Burroughs intended it to be read. *Beyond the Farthest Star* Restored Edition features a newly commissioned frontispiece by renowned artist Mark Schultz, classic interior illustrations by Roy G. Krenkel, an introduction by noted science fiction author Paul Di Filippo, a preface by ERB Inc. Director of Publishing Christopher Paul Carey discussing the restorations to the text, maps of the planet Poloda and the Omos star system, a diagram of the Unisan alphabet and numbers, and an extensive section of rare and previously unpublished bonus materials mined from the archives of Edgar Rice Burroughs Inc. in Tarzana, California.
