The Trilogy of Leadership Jameel Ahmed PhD, 2023-02-18

Leadership is an elaborative term encompassing the ability of an individual to lead, influence, or guide other individuals at large. Inspired by the idea of writing a book, I occurred after tracing the remarkable journey of fifteen prolific leaders and their path-breaking contributions to the world of business. These remarkable leaders discussed in this book are those who influenced me in my career. Thanks to them, I stand where I am now. The power of their legacy has helped change the world to rethink and rediscover the way conventional business was done. Although this book focuses on famous entrepreneurs, philanthropists, and tech-savvy personalities, but the main purpose for which I have written this book is to let you know that no matter what you can grab your dream at any stage of your life. You can become the emperor of your own empire. Leaders will continue to leverage the power of their wisdom. This book is solely meant to motivate people to never give up. Know that you yourself are the one who picks yourself from the grounds. Unlock your potential to be a great leader by reading this book. Grab your copy now.
