

## **PURPOSE**

The *Construction Project Administration Manual (CPAM)* contains instructions for administering Department of Transportation Construction contracts and describes requirements and procedures for Final Estimate preparation associated with those contracts. This *Manual* provides instructions to Department representatives for administering items mandated in Florida Statutes, rules and/or contract specifications and for the successful completion of construction contracts including instructions to assist those charged with the responsibility of documenting final quantities and preparing final estimates. This *Manual* ensures consistency in carrying out Department of Transportation policies and helps ensure that all construction contracts are successfully administered on a fair and equal basis.

## **AUTHORITY**

Sections 20.23(3)(a), 119.07, 119.011, and 334.048(3), Florida Statutes (F.S.)

Authority for the *Manual* will be cited on a chapter-by-chapter basis.

## **SCOPE**

This *Manual* is intended to be used by Department and Consultant Construction Inspectors, Project Engineers, Resident Engineers, and other Department and Consultant personnel involved in the administration of construction contracts. These instructions for the Final Estimates process are not to supersede or circumvent project specific documents such as: specifications, special provisions, plans, and/or plan notes or *Florida Statutes*. As the Department's evolution continues, these procedures will require updates and revisions.

## **Definitions**

The following terms and their definitions are applicable to the Chapters and Sections of this *Manual* as appropriate:

**Construction Specifications Writing** Mark Kalin, Robert S. Weygant, Harold J. Rosen, John R. Regener, 2011-09-13

Updated edition of the comprehensive rulebook to the specifier's craft. With this latest update, Construction Specifications Writing Sixth Edition continues to claim distinction as the foremost text on construction specifications. This mainstay in the field offers comprehensive practical and professional guidance to understanding the purposes and processes for preparation of construction specifications. This new edition uses real world document examples that reflect current writing practices shaped by the well established principles and requirements of major professional associations including the American Institute of Architects AIA, the Engineers Joint Contract Documents Committee EJCDC and the Construction Specifications Institute CSI. Also included are guidelines for correct terminology, product selection, organization of specifications according to recognized CSI formats and practical techniques for document production. Fully revised throughout this Sixth Edition includes updates to MasterFormat 2004 as well as SectionFormat PageFormat 2007 and Uniformat. End of chapter questions and specification writing exercises. Samples of the newly updated construction documents from the AIA. New chapter on sustainable design and specifications for LEED projects. Updated information on the role of specifications in Building Information Modeling BIM.

**Management of Nuclear Power Plant Projects** IAEA, 2020-11-25 Member States intending to introduce a nuclear power programme will need to pass through several phases during the implementation. Experience shows that careful planning of the objectives, roles, responsibilities, interfaces and tasks to be carried out in different phases of a nuclear project is important for success. This publication presents a harmonized approach that may be used to structure the owner operator management system and establish and manage nuclear projects and their development activities irrespective of the adopted approach. It has been developed from shared management practices and consolidated experiences provided by nuclear project management specialists through a series of workshops and working groups organized by the IAEA. The resultant publication presents a useful framework for the management of nuclear projects from initiation to closeout and captures international best practices.
