WIP: The Executioners Three (TET)

I'm avoiding writing. I don't know why — once I start, I tend to get in the zone and this next scene should be exciting. I guess I'm scared. It's daunting — completely rewriting a book. AGAIN. There is time #3 and I feel like I don't quite have Fiddle's voice — maybe I'm trying too hard on not hard enough. It feels kinda meh is all I know. Plus, I don't have Simon's voice at all... But HEY, soooz Did you have Sam or Sasha right away? No. It took some false starts and rewrites. So why are you expecting so much? All I need to do is hammer out a scene a day until I leave for Australia (or hit 100 pages). If I can get 16 pages/day, I'll reach my goal by November. Remember: there's no real rush here. Truthswitch is on submissions, Karen can WAIT for this, and book 3 is all done. Books take time, soooz. Patience.

Now, go write the next scene. ♥

HOURS LATER: Okay. ~900 words and some ~~more~~ editing of scene 1 later, and I'm trying to psych myself up to scene #3. I have a total of 10-11 pages, which puts me EXACTLY on track. But I'd rather get AHEAD of track. ☺

Journal Keeping Dannelle D. Stevens, Joanne E. Cooper, 2023-07-03 By the authors of the acclaimed Introduction to Rubrics Major growth of interest in keeping journals or diaries for personal reflection and growth and as a teaching tool Will appeal to college faculty administrators and teachers One of the most powerful ways to learn reflect and make sense of our lives is through journal keeping This book presents the potential uses and benefits of journals for personal and professional development particularly for those in academic life and demonstrates journals potential to foster college students learning fluency and voice and creative thinking In professional life a journal helps to organize prioritize and address the many expectations of a faculty member s or administrator s roles Journals are effective for developing time management skills building problem solving skills fostering insight and decreasing stress Both writing and rereading journal entries allow the journal keeper to document thinking to track changes and review observations and to examine assumptions and so gain fresh perspectives and insights over past events The authors present the background to help readers make an informed decision about the value of journals and to determine whether journals will fit appropriately with their teaching objectives or help manage their personal and professional lives They offer insights and advice on selecting the format or formats and techniques most appropriate for the reader s purposes

From Principles of Learning to Strategies for Instruction-with Workbook Companion Robert J. Seidel, Kathy C. Perencevich, Allyson L. Kett, 2007-09-23 From Principles of Learning to Strategies for Instruction Part One The purpose of this book is to help educators and training developers to improve the quality of their instruction Unlike other available works the text is not limited to a particular theoretical position Nor is it like many of the instructional design texts which ignore the learning literature Rather it draws upon any and all of those research based principles regardless of learning theory which suggest heuristics to guide instructional strategies The approach of the authors is unique in that they develop a framework or model taxonomy for tasks through which the principles of learning can be related to particular learning processes suggesting distinctive strategies for specific instructional tasks The authors present a four stage model that includes acquisition automaticity near term transfer and far term transfer Workbook Companion Part Two In this Workbook Companion the strategies presented in the original book are expanded by supplying practical and specific strategies to implement of a variety of other subject matters These strategies are based on the needs which the authors currently see and cite in existing educational systems Each chapter concentrates on providing recommended instructional strategies and practical exercises for a specific target group high school age adolescents Contributors supply strategies in the different learning domains including Cognitive Psychomotor Affect and Interpersonal and each individual is responsible for training teachers developing and or evaluating curricula for such training and educating high school students through the development and implementation of curricula Developed for both new and experienced teachers developing curricula for high school adolescents the goal of the Workbook Companion is to provide

those in the field of education with strategies to incorporate each of the four domains into their lesson plans regardless of subject area *Classroom Assessment for Student Learning* Richard J.
