global forces transcending national boundaries They then compare and contrast the management practices of the five countries from which the acquirers covered in this book originate the UK the USA Japan France and Germany The authors research indicates that while considerable convergence is taking place on many dimensions of management practice distinct national management styles still exist among acquiring companies The findings also show that although some policies are generally associated with better post acquisition performance across the board no one national approach is more successful than another so long as it is implemented with confidence determination and consistency Failure tends to follow from a lack of these qualities rather than from having the wrong management style Procedures and Questionnaires of the National
