

Annex 5: Problem Statements

Template & problem statements for each TOM layer

Template for a problem statement

> Process:

- > Find out what users / stakeholders consider to be the problem.
- > Group the problems into categories.
- > Condense the main categories into a problem statement.

> Problem Statement has following elements and answers to following questions:

- > What is the problem, its impact and the eventual risk if we do not react to this problem? Brief one-two lines of description of the problem (including the list of issues).
- > Where the problem is appearing? Relevant TOM layer + relevant geographical level (EU, sector specific, Member State specific)
- > Who has the problem / who is the client facing the problem? Explains who needs a solution.
- > What form could the solution be? Not a solution, but the expected form of the solution: white paper, web-tool, new product, brainstorming session, study ... (optional, when possible to identify)
- > Are there additional questions related to the statement? Eventual questions towards the member states related to the problem statement.
