make the following declaration under the Statutory Declarations Act 1959:

1 Visa applicant's name

Family name
Given names
How long have you known this person?

2 Name of applicant's partner or fiancé(e)

Family name
Given names
How long have you known this person?

3 State how you know the applicant and the applicant's partner or fiancé(e), and indicate how often you have been in contact with them

I am the brother of the applicant's sponsor/spouse, Bruce Wayne. I have known Skype Walker for the last 2 years after he was introduced to our family by my sister.

I first met Skype in person in December 2014 when he travelled to Australia with Bruce to visit us. During this trip, Skype and Bruce stayed with my family at our Castle Hill residence for a few days while they were in Sydney.

While my sister lived in Russia, we stayed in contact via phone calls.

If insufficient space, please attach additional details

4 State whether you believe the relationship of the applicant and his/her partner or fiancé(e) to be genuine and continuing, and give your reasons for your belief

Bruce told me about her friendship with Skype well before they started their relationship. She told me about the holidays that they took together, what activities they did together after she moved to Moscow, etc.

She also told me about how Skype helped her get over her prior divorce from her former partner, and also the financial assistance that he has provided to her after she moved into his apartment when they lived together in Moscow.

I recently saw Skype again during his most recent visit to Australia (February to March 2016). My family attended my sister and Skype's wedding. They recently got married in February 2016 in NSW. We don't have too many family members in Australia, so their attending was just attended by a few family members and friends. Their wedding was still a fantastic occasion for our family as we got to celebrate my sister's relationship with a man that she truly loves.

I can see that they do truly care for and love each other. They have made great efforts to stay in constant contact after my sister moved to Australia.

EU Civil Justice Burkhard Hess, Maria Bergström, Eva Storskrubb, 2016-01-14 This seventh volume in the Swedish Studies in European Law series brings together some of the most prominent scholars working within the fast evolving field of EU civil justice. Civil justice has an impact on matters involving inter alia family relationships, consumers, entrepreneurs, employees, small and medium sized businesses and large multinational corporations. It therefore has great power and potential. Over the past 15 years a wealth of EU measures have been enacted in this field. Issues arising from the implementation thereof and practice in relation to these measures are now emerging. Hence this volume will explore the benefits as well as the challenges of these measures. The particular themes covered include forum shopping, alternative dispute resolution, simplified procedures and debt collection, family matters and collective redress. In addition, the deepening of the field that continues post-Lisbon has occasioned a new level of regulatory and policy challenges. These are discussed in the final part of the volume which focuses on mutual recognition also in the broader European law context of integration in the area of freedom, security and justice.

Inter-American Judicial Constitutionalism Manuel Eduardo Góngora Mera, 2011

The Southern Reporter, 1915 Includes the decisions of the Supreme Courts of Alabama, Florida, Louisiana and Mississippi, the Appellate Courts of Alabama and Sept. 1928-Jan. 1929, Jan-Mar 1941, the Courts of Appeal of Louisiana.

The Freight Traffic Red Book, 1941 *Substantive and Procedural Aspects of International Criminal Law* Gabrielle Kirk McDonald, Olivia Swaak-Goldman, 2023-05-30 The first volume of this unique two volume work seeks for the first time to address in a comprehensive fashion both substantive and procedural aspects of international criminal law as applied by international and national courts. Substantive topics include individual criminal responsibility, genocide, war crimes, crimes against humanity, crimes against UN and associated personnel, core crimes and defenses, while procedural aspects include the right of suspects and accused, the protection of victims and witnesses and pre-trial, trial and appeal procedures and practices. In addressing these subjects, the work focuses on the practical application of the relevant norms and provides both detailed commentaries by experts in the field. Commentary volume as well as the underlying documentation for each of the topics addressed. Documents and Cases volume. With the establishment of the International Criminal Court, the experiences of other international courts, notably the ad hoc tribunals for the former Yugoslavia and Rwanda as well as their predecessors in addressing these issues are of great value and this work is intended to assist practitioners and scholars alike. Additionally, because national courts still have a vital role to play in the application of these norms, attention is given to prosecutions in national jurisdictions. With this work, the editors seek both to assist the reader in understanding these important concepts as well as to provide the background documentation such that the reader can conduct his or her own research and come to his or her own conclusions. The print edition is available as a set of two volumes 9789041111357.

Analysing Citizenship

Talk Heiko Hausendorf, Alfons Bora, 2006-01-01 Citizenship talk refers to various types of discourse initiated to make citizens

take part in politically and socially contested decision making processes citizen participation Citizenship has accordingly become one of the dazzling key words whenever the democratic deficit of modern societies is moaned about Asking for citizenship to be conceived of as a communicative achievement the present book shows that sociolinguistics and pragmatics can essentially contribute to this interdisciplinary up to date issue of research the volume offers a theoretically innovative concept of communicated citizenship and it presents a set of methodological approaches suited to deal with this concept at an empirical level including contributions from Conversation Analysis Critical Discourse Analysis Social Positioning Theory Speech Act Theory and Ethnography Furthermore concrete data and empirical analyses are provided which take up the case of decision making processes around the application of modern green biotechnology GMO field trials The volume thus illustrates the kind of findings and results that can be expected from this new and promising approach towards citizenship talk
