in practical detail the many sources that researchers can go to for information on their ancestors their families and Jewish history Vivid case studies are a feature of her book for they show how the life stories of individuals can be reconstructed with only a small amount of initial information Her invaluable handbook will be essential reading and reference for anyone who is trying to gain an insight into the life of an ancestor or is researching any aspect of Jewish history *Global Jewish Foodways* Hasia R. Diner, Simone Cinotto, 2018-01-01 The history of the Jewish people has been a history of migration Although Jews invariably brought with them their traditional ideas about food during these migrations just as invariably they engaged with the foods they encountered in their new environments Their culinary habits changed as a result of both these migrations and the new political and social realities they encountered The stories in this volume examine the sometimes bewildering kaleidoscope of food experiences generated by new social contacts trade political revolutions wars and migrations both voluntary and compelled This panoramic history of Jewish food highlights its breadth and depth on a global scale from Renaissance Italy to the post World War II era in Israel Argentina and the United States and critically examines the impact of food on Jewish lives and on the complex set of laws practices and procedures that constitutes the Jewish dietary system and regulates what can be eaten when how and with whom *Global Jewish Foodways* offers a fresh perspective on how historical changes through migration settlement and accommodation transformed Jewish food and customs *Culinary Landmarks* Elizabeth Driver, 2008-01-01 *Culinary Landmarks* is a definitive history and bibliography of Canadian cookbooks from the beginning when *La cuisini re bourgeoise* was published in Quebec City in 1825 to the mid twentieth century Over the course of more than ten years Elizabeth Driver researched every cookbook published within the borders of present day Canada whether a locally authored text or a Canadian edition of a foreign work Every type of recipe collection is included from trade publishers bestsellers and advertising cookbooks to home economics textbooks and fund raisers from church women s groups The entries for over 2 200 individual titles are arranged chronologically by their province or territory of publication revealing cooking and dining customs in each part of the country over 125 years Full bibliographical descriptions of first and subsequent editions are augmented by author biographies and corporate histories of the food producers and kitchen equipment manufacturers who often published the books Driver s excellent general introduction sets out the evolution of the cookbook genre in Canada while brief introductions for each province identify regional differences in developments and trends Four indexes and a *Chronology of Canadian Cookbook History* provide other points of access to the wealth of material in this impressive reference book *Jews and Their Foodways* Anat Helman, 2015-12-01 Food is not just a physical necessity but also a composite commodity It is part of a communication system a nonverbal medium for expression and a marker of special events Bringing together contributions from fourteen historians anthropologists sociologists and literary critics Volume XXVIII of *Studies in Contemporary Jewry* presents various viewpoints on the subtle and intricate relations between Jews and their foodways The ancient Jewish community ritualized and codified the sphere of food by regulating specific and

detailed culinary laws Judaism extended and accentuated food's cultural meanings Modern Jewry is no longer defined exclusively in religious terms yet a decrease in the role of religion including kashrut observance does not necessarily entail any diminishment of the role of food On the contrary as shown by the essays in this volume choices of food take on special importance when Jewish individuals and communities face the challenges of modernity Following an introduction by Sidney Mintz and concluding with an overview by Richard Wilk the symposium essays lead the reader from the 20th century to the 21st across Europe the Middle East Africa and North America Through periods of war and peace voluntary immigrations and forced deportations want and abundance contemporary Jews use food both for demarcating new borders in rapidly changing circumstances and for remembering a diverse heritage Despite a tendency in traditional Jewish studies to focus on high culture and to marginalize low culture Jews and Their Foodways demonstrates how an examination of people's eating habits helps to explain human life and its diversity through no less than the study of great events the deeds of famous people and the writings of distinguished rabbis
