Ludicrous Edward Niedermeyer,2019-08-20 Tesla is the most exciting car company in a generation but can it live up to the hype Tesla Motors and CEO Elon Musk have become household names shaking up the staid auto industry by creating a set of innovative electric vehicles that have wowed the marketplace and defied conventional wisdom The company s market valuation now rivals that of long established automakers and to many industry observers Tesla is defining the future of the

industry But behind the hype Tesla has some serious deficiencies that raise questions about its sky high valuation and even its ultimate survival Tesla's commitment to innovation has led it to reject the careful zero defects approach of other car manufacturers even as it struggles to mass produce cars reliably and with minimal defects While most car manufacturers struggle with the razor thin margins of mid priced sedans Tesla's strategy requires that the Model 3 finally bring it to profitability even as the high priced Roadster and Model S both lost money And Tesla's approach of continually focusing on the future even as commitments and deadlines are repeatedly missed may ultimately test the patience of all but its most devoted fans In Ludicrous journalist and auto industry analyst Edward Niedermeyer lays bare the disconnect between the popular perception of Tesla and the day to day realities of the company and the cars it produces Blending original reporting and never before published insider accounts with savvy industry analysis Niedermeyer tells the story of Tesla as it's never been told before with clear eyes objectivity and insight *Going Fast and Fixing Things* Rich Benoit, 2024-06-11 Rich Benoit went from buying a left for dead Tesla to becoming a successful YouTube entrepreneur and launching The Electrified Garage the nation's first successful EV only business devoted to repairing Teslas and other electric vehicles Today he is the world's most popular DIY expert and car aficionado and now he shares his story and expertise People are fascinated by Tesla the cars the stock price and especially its headline grabbing CEO Rich Benoit was the first YouTuber to pull back the curtain on the cultlike business model that is the Tesla company and he's personally battled its consumer unfriendly business practices In *Going Fast and Fixing Things* Rich provides readers with behind the scenes access not only to his Rich Rebuilds YouTube channel but to his off camera life as well Throughout his life Rich has almost always been the proverbial only Black guy in the room but despite the fact that online car culture especially electric vehicle fandom skews overwhelmingly white he has become the most popular car rebuilding guy on the internet His voice on the page is funny and intimate and a little goofy just like his video persona but always tempered by a clear determination to create success for himself as well as for his fans *Going Fast and Fixing Things* also includes tips to help readers fix drive and buy their own cars along with advice on how to defy the disposable is better consumerist ethos that saturates our current culture Practical MLOps Noah Gift, Alfredo Deza, 2021-09-14 Getting your models into production is the fundamental challenge of machine learning MLOps offers a set of proven principles aimed at solving this problem in a reliable and automated way This insightful guide takes you through what MLOps is and how it differs from DevOps and shows you how to put it into practice to operationalize your machine learning models Current and aspiring machine learning engineers or anyone familiar with data science and Python will build a foundation in MLOps tools and methods along with AutoML and monitoring and logging then learn how to implement them in AWS Microsoft Azure and Google Cloud The faster you deliver a machine learning system that works the faster you can focus on the business problems you're trying to crack This book gives you a head start You'll discover how to Apply DevOps best practices to machine learning Build production machine learning systems and maintain them Monitor instrument load test
