Fugitive Slaves and Spaces of Freedom in North America Damian Alan Pargas, 2020-09-08 This volume introduces a new way to study the experiences of runaway slaves by defining different spaces of freedom they inhabited It also provides a groundbreaking continental view of fugitive slave migration moving beyond the usual regional or national approaches to explore locations in Canada the U S North and South Mexico and the Caribbean Using newspapers advertisements and new demographic data contributors show how events like the Revolutionary War and westward expansion shaped the slave experience Contributors investigate sites of formal freedom where slavery was abolished and refugees were legally free to determine the extent to which fugitive slaves experienced freedom in places like Canada while still being subject to racism In sites of semiformal freedom as in the northern United States fugitives claims to

freedom were precarious because state abolition laws conflicted with federal fugitive slave laws Contributors show how local committees strategized to interfere with the work of slave catchers to protect refugees Sites of informal freedom were created within the slaveholding South where runaways who felt relocating to distant destinations was too risky formed maroon communities or attempted to blend in with free black populations These individuals procured false documents or changed their names to avoid detection and pass as free The essays discuss slaves motivations for choosing these destinations the social networks that supported their plans what it was like to settle in their new societies and how slave flight impacted broader debates about slavery This volume redraws the map of escape and emancipation during this period emphasizing the importance of place in defining the meaning and extent of freedom Contributors Kyle Ainsworth Mekala Audain Gordon S Barker Sylviane A Diouf Roy E Finkbine Graham Russell Gao Hodges Jeffrey R Kerr Ritchie Viola Franziska M ller James David Nichols Damian Alan Pargas Matthew Pinsker A volume in the series Southern Dissent edited by Stanley Harrold and Randall M Miller

Riding for the Lone Star Nathan A. Jennings,2016-02-15 The idea of Texas was forged in the crucible of frontier warfare between 1822 and 1865 when Anglo Americans adapted to mounted combat north of the Rio Grande This cavalry centric arena which had long been the domain of Plains Indians and the Spanish Empire compelled an adaptive martial tradition that shaped early Lone Star society Beginning with initial tactical innovation in Spanish Tejas and culminating with massive mobilization for the Civil War Texas society developed a distinctive way of war defined by armed horsemanship volunteer militancy and short term mobilization as it grappled with both tribal and international opponents Drawing upon military reports participants memoirs and government documents cavalry officer Nathan A Jennings analyzes the evolution of Texan militarism from tribal clashes of colonial Tejas territorial wars of the Texas Republic the Mexican American War border conflicts of antebellum Texas and the cataclysmic Civil War In each conflict Texan volunteers answered the call to arms with marked enthusiasm for mounted combat *Riding for the Lone Star* explores this societal passion with emphasis on the historic rise of the Texas Rangers through unflinching examination of territorial competition with Comanches Mexicans and Unionists Even as statesmen Stephen F Austin and Sam Houston emerged as influential strategic leaders captains like Edward Burleson John Coffee Hays and John Salmon Ford attained fame for tactical success

advances in forensic technology and focused efforts designed to diversify and professionalize the Rangers His job choice caused him to circulate in the duplicitous underworld of dishonesty and criminality where twisted self interest overrode compliance with societal norms His biography is packed with true crime calamities double murders single murders negligent homicides suicides jailbreaks manhunts armed robberies and home invasions kidnappings public corruption sexual assaults illicit gambling car theft rings dope smuggling and arms trafficking
