- 1974 *Lau v Nichols*: Involved Chinese students that didn't speak English and the San Francisco ISD. The court ruled that by giving the students the same books, teachers, and curriculum did not constitute as equality. They must provide the same English opportunities to all students of other languages
- 1994 Improving America's Schools Act (IASA): It reauthorized the Elementary and Secondary Education Act of 1965. It was designed to focus federal funding on poor schools with low achieving students.
- 2002 No Child Left Behind Act (NLBC): It was another reauthorization, but played a big role in the education for everyone involved. It began the change for more accountability, local control, parental involvement, and funding what works. Basically it states that if students are not learning and progress we have to figure out why.
- 2015 Every Student Succeed Act (ESSA): Bipartisan measure the 50 year old ESEA act of 1965. This builds on the No Child Left Behind Act to focus on the clear goal of fully preparing all students for success in college and careers.
