Cutting a pumpkin can be a lot of fun during the month of October. First, you need to pick out a pumpkin and a design. Next, cut a big circle at the top of your pumpkin and remove the insides. You can toast the seeds later for a tasty treat. Then you will need to trace your design on the outside of your pumpkin. This will help you know what to cut. Have an adult make the cuts. Finally, place a light inside your pumpkin and enjoy!

October and March are both great months with lots of fun things happening. October is the beginning of fall and March marks the beginning of spring. In fall, the weather starts to get cooler but spring means that the cold weather is over! Both months have different holidays that people all over the world celebrate. There are lots of months in the year but October and March are two of the best ones!

Fall is an amazing time of year! The beautiful, big trees begin to change their leaves from boring greens to amazing shades of yellow, red and oranges. The warm, sticky weather of summer begins to turn into cool, crisp days and nights. Kids are trading in their swim-suits and flip flops, for boots and jackets! Fall is full of pumpkin flavored foods. Children dress up and go trick or treating in October and we give thanks for everything we have in November!
