America's Forgotten Student Population Angela Long, Christopher M. Mullin, 2023-07-03 Constituting one in twelve of adult Americans GED certificate holders comprise a major pool of underdeveloped human capital in our society They are a resource that will be sorely needed as boomers reach retirement and the traditional pipeline of 17 23 year olds falls short of filling our growing workforce needs Although these nontraditional students can potentially meet our future workforce demands and although half of them enter post secondary education half

of those who do so drop out of college for lack of basic support systems often at the very same institutions that provided programs of retention while they were earning their GED and completing basic Adult Education classes Yet national data collected by the National Center for Educational Statistics reveals that GED certificate holders who persist to their second year of community college studies accumulate grade point averages equal to high school graduates refuting widely held beliefs that GED earners are not capable of rigorous academic work This is the first book to remedy the dearth of data on this forgotten population to present original research on these students describing their characteristics and motivations and to provide proven models for identifying retaining and graduating this under counted and underestimated cohort It addresses the issue of the pipeline from GED centers to postsecondary education and includes first person narratives that offer vivid insights into GED earners resilience and needs As this book reveals more than 40 percent of community colleges responding to a 2010 ACT survey have no one responsible for coordinating retention efforts and more than half have no goals for first year student retention and estimates that community colleges are cumulatively foregoing over 1.5 billion in revenues as the result of failing to retain their GED populations This book is a comprehensive resource for college administrators and for educational policy makers and researchers offering both broad policy recommendations and tested ideas and models that can be implemented at the state and institutional level A Portfolio of Community College Initiatives in Rural Economic

Higher Education Labour Market Relevance and Outcomes of Higher Education in Four US States Ohio, Texas, Virginia and Washington OECD,2020-07-08 This report which focuses on four US states Ohio Texas Virginia and Washington is the third of a series of country specific reviews conducted as part of the OECD project on the labour market relevance and outcomes of higher education he report offers a comprehensive review of graduate outcomes and policies supporting alignment between higher education and the labour market in the four participating states in 2018 19 an overview of the US labour market and higher education context and a range of policy examples from across OECD jurisdictions to help improve the alignment of higher education and the labour market Community College Faculty Scholarship John M. Braxton,2015-08-28 While teaching occupies the primary role of faculty members in community colleges the question remains To what extent are community college faculty members engaged in research and scholarship This issue focuses on the types of research and scholarship performed by community college faculty the forces that foster or impede the engagement of community college faculty members in research and scholarship specific examples of community college faculty scholarship that demonstrate the value of this work to the institution and to larger society and policies and practices at the institutional local and state level that support engagement in research and scholarship This is the 171st volume of this Jossey Bass quarterly report series Essential to the professional libraries of presidents vice presidents deans and other leaders in today s open door institutions New Directions for Community Colleges provides expert guidance in meeting the challenges of their distinctive and expanding educational mission **Educational Challenges at Minority Serving Institutions** Marybeth Gasman,Andrés Castro Samayoa,William Boland,Paola Esmieu,2017-12-06 Minority Serving Institutions MSIs are responsible for educating 20 percent of the nation s college students and nearly 40 percent of the nation s students of color This growing group of institutions is essential to higher education and moving toward a more equitable society This important book focuses on the challenges faced by MSIs within the larger higher education context and provides practical solutions to address these challenges From performance based funding to issues of being dually designated MSIs to articulation agreements with community colleges to college readiness the authors tackle the most important topics in higher education by exploring these varied topics through the lens of MSIs **The Attainment Agenda** Laura W. Perna,Joni E. Finney,Patrick M. Callan,2014-05 While the federal government seeks to promote educational attainment and equity through its extensive investment in student financial aid states have primary responsibility for policies that affect the educational attainment of their populations Despite the centrality of state policy however we know relatively

little about the relationship between state policy and these outcomes This book addresses this knowledge gap Drawing on data collected from descriptive case studies of the relationship between public policy and higher education performance in five states Georgia Illinois Maryland Texas and Washington this book offers a more complete conceptual framework for understanding how state public policy can promote educational attainment The resulting framework has five central tenets that help us understanding how to improve overall educational attainment and increase equity in that attainment At its core the model assumes that higher education performance is determined by effective state policy leadership for higher education The book also illustrates the need for state policies that reduce the cumulative negative implications of policies that perpetuate differences in educational outcomes across groups and that proactively address the barriers that limit educational attainment for underachieving groups This book has important implications for public policymakers college and university leaders educational researchers and others who are interested in understanding how public policy can improve educational attainment and equity in attainment across groups Provided by publisher Cases on Institutional Research Systems Burley, Hansel, 2011-10-31 Institutional research IR is a growing applied and interdisciplinary area that attracts people from a variety of fields including computer programmers statisticians and administrators and faculty from every discipline to work in archiving analyzing and reporting on all aspects of higher education information systems Cases on Institutional Research Systems is a reference book for institutional research appealing to novice and expert IR professionals and the administrators and policymakers that rely on their data By presenting a variety of institutional perspectives the book depicts the challenges and solutions to those in higher education administration and state federal and even international accreditation
