**Applying Anzalduan Frameworks to Understand Transnational Youth Identities** G. Sue Kasun,Irasema Mora-Pablo,2022-02-24 Framed by the theoretical work of Gloria Anzald a this volume focuses on the cultural and linguistic practices of Mexican origin youth at the U S border to explore how young people engage in acts of bridging to develop rich transnational identities Using a wealth of empirical data gathered through interviews and observations and featuring perspectives from multinational and transnational authors this text highlights how youth resist racialized and raciolinguistic oppression in both formal and informal contexts by purposefully engaging with their heritage culture and language In doing so they defy deficit narratives and negotiate identities in the in between As a whole the volume engages issues of identity language and education and offers a uniquely asset based perspective on the complexities of transnational youth identity demonstrating its value in educational and academic spaces in particular This text will benefit researchers academics and educators with an interest in the sociology of education multicultural education and youth culture more broadly Those interested in language and identity studies as well as adolescence schooling and bilingualism will also benefit from this volume

**Rethinking Field Experiences in Preservice Teacher Preparation** Etta R. Hollins,2015-03-12 The focus of this book is the centrality of clinical experiences in preparing teachers to work with students from diverse cultural economic and experiential backgrounds Organized around three themes learning teaching through the approximation and representation of practice learning teaching situated in context and assessing and improving teacher preparation Rethinking Field Experiences in Preservice Teacher Preparation provides detailed descriptions of theoretically grounded research based practices in programs that prepare preservice teachers to contextualize teaching practices in ways that result in a positive impact on learning for traditionally underserved students These practices serve current demands for teacher accountability for student learning outcomes and model good practice for engaging teacher educators in meaningful productive dialogue and analysis geared to developing local programs characterized by coherence continuity and consistency
