

Text Structure

Authors of non-fiction text organize their writing in a way that is helpful to their readers. The way they choose to organize their text is called text structure.

There are five main non-fiction text structures.

Type	Explanation	Key Words
Cause & Effect 	The text shares information about an event and what caused it to occur.	cause, effect, since, then, because, if, when, so
Compare & Contrast 	The text has two or more ideas or topics and the author writes about the similarities and differences.	like, unlike, but both, also, most, similar to, different from
Description 	The text provides a detailed description of the topic of the text.	to begin with, for instance, examples of, features include
Sequence 	The text is written in order of events or chronological order.	first, next, then, finally, before, after, during meanwhile
Problem & Solution 	The text includes information about a problem and possible or attempted solutions.	problem, solution, because, since, the issue is, resolved by

Good readers pay attention to the text structure to help deepen their understanding of the text.

Framework for the ... National Assessment of Educational Progress United States. National Assessment Governing Board, 2008 Creating the Opportunity to Learn A. Wade Boykin, Pedro Noguera, 2011-09-22 Unless we believe that those who have more are inherently superior to those who have less we should be troubled by the fact that patterns of achievement are often fairly predictable particularly with respect to students race and class In Creating the Opportunity to Learn Wade Boykin and Pedro Noguera help navigate the turbid waters of evidence based methodologies and chart a course toward closing and eliminating the academic achievement gap Turning a critical eye to current and recent research the authors present a comprehensive view of the achievement gap and advocate for strategies that contribute to the success of all

children Boykin and Noguera maintain that it is possible to close the achievement gap by abandoning failed strategies learning from successful schools and simply doing more of what the research shows is most effective Success is founded on equity but equity involves more than simply ensuring students have equal access to education equity also entails a focus on outcomes and results If we want to bring about significant improvements in those outcomes we have to do more to address the context in which learning takes place In short we must create schools where a child's race or class is no longer a predictor for how well he or she might perform
