This book is Joffre Coe's illustrated chronicle of the archaeological research conducted at Town Creek, a project with which Coe has been intimately involved for more than fifty years since its inception as a WPA program in 1937. Written for visitors as well as for scholars, Town Creek Indian Mound provides an overview of the site and the archaeological techniques pioneered there, surveys the history of the excavations and features more than 200 photographs and maps. The book carefully reconstructs the archaeological record, including plant and animal remains, pottery sherds, stone tools, and clay ornaments. In a concluding interpretive section, Coe reflects on what Town Creek and its artifacts tell us about this prehistoric Native American society.
