

Character Witness Letter Example

Dear Honorable Judge,

I am writing this letter as a character witness for Ms. Sarah Johnson, who is a dear friend of mine. I have known Ms. Johnson for over 15 years, and I can attest to her outstanding character, integrity, and compassion for others.

Ms. Johnson is a hardworking individual who has always been dedicated to her family and her community. She is a loving wife and mother, and she has always been an active member of her church. In addition to her personal life, Ms. Johnson is a successful attorney who has always conducted herself with the highest level of professionalism and ethics.

Over the years, I have had the pleasure of working with Ms. Johnson on several community projects. She has always been a valuable asset to any team she has been a part of. She is reliable, responsible, and always willing to go above and beyond to help others.

In particular, I remember a time when our community was faced with a significant challenge. There was a massive flood that devastated many homes and businesses. Ms. Johnson was one of the first people to step up and help. She organized a relief effort, and she worked tirelessly to help those in need. Her leadership and compassion during this difficult time were truly inspiring.

I also know that Ms. Johnson has faced some personal challenges in her life. Despite these challenges, she has always remained focused on her family and her responsibilities. She has never let her personal issues affect her work or her relationships with others.

In conclusion, I believe that Ms. Sarah Johnson is an exceptional individual who has made a positive impact on the lives of those around her. She is a woman of good character, integrity, and kindness, and I believe that she will continue to make valuable contributions to her family, her community, and society as a whole. I hope that you will take this letter into consideration as you make your decision in her case.

Sincerely,

[Your Name]

Sample Letters For Character Witness

Kenneth L. Chafin

Sample Letters For Character Witness:

Criminal Litigation and Procedure Jane Tyrer, 2000-10-17 This book covers the Law Society's Occupational Standards in Legal Practice for the NVQ in Criminal Litigation. The reader is taken through the various stages associated with dealing with criminal clients. Why information is needed from clients and its impact. *How to Write a Great Reference Letter*, **Private Security and the Investigative Process** Charles P. Nemeth, 2000 Practical yet authoritative *Private Security and the Investigative Process* Second Edition is an important reference tool for private investigators and security professionals. Both students and seasoned security practitioners alike will benefit from the resources, ideas and suggestions for tactics and security strategy contained within this book. Charles P. Nemeth expertly blends practice with theory to show students how to be professional when confronted with the rigors of the real world in both the public and private sectors. *Private Security and the Investigative Process* is ideally suited for private security organizations, criminal justice libraries, corporate security personnel and law enforcement personnel. The concepts are effectively presented with numerous forms, checklists and valuable guides that will help illustrate the investigative process both in the public and private sector. A comprehensive authoritative resource for the industry, its practitioners and those seeking a career in the private security industry. Provides insight into the fundamental competency skills necessary to function as an investigator. Contains numerous forms, checklists for useful and practical reference. **ADVANCED TECHNICAL COMMUNICATION** KAVITA TYAGI, PADMA MISRA, 2011-02-04 Businesses use technical writing extensively to communicate both within and outside the organization. And so it is essential for an individual aspiring to be an executive to master the art of communication. This accessible and compact book on *Advanced Technical Communication* discusses how students can learn and master not only the basic skills of communication but also complex skills such as soft skills and skills required for preparing technical documents. The book begins with a discussion on the concept of technical communication and then it goes on to describe the differences between technical writing and general writing and layout and format of business letters and resumes. What is more, it elaborates on technical documents such as technical proposals, reports and specialized documents like theses, research papers and dissertations, differentiating them adequately. Finally, the text covers many of the soft skills required today, for example, presentation skills, interpersonal skills and group discussion (GD) skills. This student-friendly book, suffused with practical examples, is primarily intended as a text for the first-year students of Engineering B.Tech of Uttarakhand Technical University for their course on *Advanced Technical Communication*. It will also be of immense benefit to undergraduate students in other universities and engineering colleges/institutes as well as technical professionals. **KEY FEATURES** Provides comprehensive coverage of soft skills. Lays emphasis on corporate communication skills required for technical writing and producing technical documents by engineers and managers. Gives a critical evaluation as well as text of George Orwell's *Animal Farm*. **PROFESSIONAL COMMUNICATION** KAVITA TYAGI, PADMA MISRA, 2010-12-16 With the younger

generation today seeking jobs in multinational corporations large companies or the civil services in the government and the competition becoming stiffer and stiffer with each passing day it is only natural that the ability to communicate effectively precisely as well as to acquire communication skills has become more important than ever before A plethora of books have flooded the market to capitalize on this frantic effort of the younger generation to become adept in communication And professional communication is no exception to this This accessible and compact book on Professional Communication strives to focus on the communication skills needed for the professionals Divided into five parts and 19 chapters the book begins with a discussion on the concept of communication and then it goes on to give in detail features of a language as a tool of communication the communication process models and barriers to communication The text also elaborates on word formation vocabulary sentence structure and paragraph development In addition it explains different forms of technical communication the format layout and style of business communication technical documents such as theses scientific articles and research papers and technical proposals Furthermore the book provides value based text reading from celebrated writers This student friendly book suffused with practical examples is primarily intended as a textbook for the first year students of engineering B Tech of UP Technical University for their course on Professional Communication It will also be of immense benefit to undergraduate students and technical professionals across the country

KEY FEATURES Gives a broader perspective on communication and its barriers Provides a more comprehensive division of the different types of reports Elaborates on various approaches to presentation strategies
