Stobaugh, 2013-08-01 Equips high school students to analyze classic literary genres discern author s worldviews and apply biblical standards Helps you build vocabulary by using new words in every speech and essay Gain in depth instruction in the subjects of grammar punctuation and spelling Learn to convey important ideas in both writing and speech in this easy to follow daily format This is a dialectic and logic level course that prepares students for later academic pursuits This 35 week course presents diverse writings from Shakespeare to Jack London Lewis Carrol to Longfellow and Sir Walter Scott to C S Lewis Students are taught to analyze key elements of literature such as allegory narrative satire plot setting and more While Dr Stobaugh scrutinizes all literature from a Christian worldview his instruction also helps students develop their skills in public speaking writing and discernment to empower them to be more effective Christian apologists In the steps of Augustine Milton and Lewis students are invited to analyze the classics with a keen discerning eye and to identify positive and negative components of literary worldviews emergent among the classics *Developing Creative Thinking to*

Improve Academic Writing Azza Abugharsa PhD, 2018-05-08 *Developing Creative Thinking to Improve Academic Writing* Part Two Advanced Level textbook helps enhancing lateral thinking within the given contextual frame in order to promote students intellectual challenge to produce a comprehensive understanding about the topic This facilitates flexible thinking required to write academic assignments in which arguments are presented for thorough analysis Since rigid judgments can lead to fossilized views it is recommended to emphasize the concept that all opinions are correct from the points of view of their holders In this regard this book helps college students practice improving their triangular thinking skills which emphasize evaluation of all the aspects of the topic in an equal pattern Furthermore this book is useful for ESL college students as well as native speakers of English as it reinforces transformational learning principles which highlight education by inspiration rather than information Such a strategy can motivate the students to become more creative more practical and more resourceful and enable them to transform their learning related thinking abilities and attitudes in order to come to a

better understanding of themselves and the world *The Imaginative Argument* Frank L. Cioffi, 2017-12-11 More than merely a writing text *The Imaginative Argument* offers writers instruction on how to use their imaginations to improve their prose Cioffi shows writers how they can enliven argument the organizing rubric of all persuasive writing by drawing on emotion soul and creativity the wellsprings of imagination While Cioffi suggests that argument should become a natural habit of mind for writers he goes still further inspiring writers to adopt as their gold standard the imaginative argument the surprising yet strikingly apt insight that organizes disparate noises into music that makes out of chaos chaos theory Rather than offering a model of writing based on established formulas or templates Cioffi urges writers to envision argument as an active parsing of experience that imaginatively reinvents the world Cioffi's manifesto asserts that successful argument also requires writers to explore their own deep seated feelings to exploit the fuzzy but often profoundly insightful logic of the imagination But expression is not all that matters Cioffi's work anchors itself in the actual Drawing on Louis Kahn's notion that a good architect never has all the answers to a building's problems before its physical construction Cioffi maintains that in argument too answers must be forged along the way as the writer inventively deals with emergent problems and unforeseen complexities Indeed discovery imagination and invention suffuse all stages of the process *The Imaginative Argument* offers all the intellectual kindling that writers need to ignite this creativity from insights on developing ideas to avoiding bland assertions or logical leaps It cites exemplary nonfiction prose stylists including William James Ruth Benedict and Erving Goffman as well as literary sources to demonstrate the dynamic of persuasive writing Provocative and lively it will prove not only essential reading but also inspiration for all those interested in arguing more imaginatively more successfully This edition features new chapters that cover the revision process in greater depth as well as the particular challenges of researching and writing in the digital age such as working with technology and avoiding plagiarism The book also includes new sample essays an appendix to help instructors use the book in the classroom and much more *Teaching the Annotated Bibliography* Cynthia A. Cochran, Luke Beatty, 2022-09-06 This book informs instructors and librarians about the history aims and pedagogical uses of the annotated bibliography A companion to the authors *Writing the Annotated Bibliography* this text enables instructors to better understand the annotated bibliography not only as a tool for research and composition but also as a valuable pedagogical tool It provides practical guidance along with assignments lesson plans assessment rubrics and other tools for using annotated bibliographies in effective and nuanced ways It also contains annotated bibliography samples in APA MLA and Chicago styles This practical book is of great use to instructors of composition and research skills librarians curriculum designers writing center directors and education professionals
