SECTION A READING 20 MARKS

Q. 1 Read the passage given below and answer the questions that follow : (10 marks)

- (1) I was shopping in my home town, when I heard a young voice boom from across the aisle, "Mum, come here, there's a lady my size." The mortified mother rushed to the boy who looked about seven; then she turned to me to apologize. I smiled and told her, "It's okay." Then I looked at her wide-eyed son. He studied me from head to toe and asked, 'why are you so little?' "It's the way God made me. Some people are little. . Some are tall. I'm just not going to grow any bigger." After about five minutes of questioning he returned to his mother.
- (2) My life as a little person is filled with stories like that. I enjoy talking to children and explaining why I look different from their parents. It has taken many years of developing my confidence to be able to do that. It takes only one glance to see my uniqueness. I stand three feet nine inches tall. I am an achondroplasia dwarf, which is a person having very short limbs. When I was born, my mother was told I was a dwarf. Not knowing a lot about dwarfism my mum's main concern was my health. Our family doctor put her mind at ease when he told her that I would not have any major medical concerns. He was right.
- (3) When I was growing up, my parents encouraged me to do all the things the kids around me did. So when my neighbours got two-wheel bicycles, I got a two-wheel bicycle. When they roller-skated, I roller-skated. Our neighbours treated me as a normal person. I didn't realize how short I was until I started school. There a few kids picked on me calling names. After that I began to hate the first day of school each year. I didn't know who was new and would stare as I struggled to climb up the school bus stairs. Some of the kids would point out and say, "Look at that kid. Look at her." Boys could be especially mean.
- (4) As time went on I tried to smile and accept the fact that I was going to be noticed all my life. I was determined to make my uniqueness an advantage rather than a disadvantage. My friends became increasingly protective. What I lacked in height I made up for in personality. I had the ability to laugh, even at myself. I am 47 now, and stares have not diminished, as I've grown older. People ask my friends if I live in a dollhouse. They look in disbelief when they see me get out of my car on the driver's side. During those times I try to keep a good attitude. When people are rude I remind myself, "Look what else I have – a great family, nice friends." Children's questions make my life special. "Why are you so short? How old are you? Are you a mummy?" When I talk to children they leave content that their questions have been answered. My hope is that in taking time with them I will encourage them to accept their peers, whatever size and shape they come in, and treat them with respect.
