Child Safety Guidelines for Local Churches Roger N. McNamara,2010-10 Child Safety Guidelines for Local Churches deals with the sensitive subject of child sexual abuse and what churches can do to protect children under their care while at the same time minimizing their own liability Prevention and training are critical elements in developing a structure that ensures the safety of children while they are in God s house Sadly many churches are unprepared to combat the possibility of the unthinkable happening to one of their precious little ones By not taking reasonable precautions they not only endanger the welfare of their youngsters but are subject to charges of gross negligence and significant financial judgments against their congregations The author outlines numerous steps that any congregation can take to protect both the children and churches they serve ROGER MCNAMARA is a veteran pastor missionary and church planter with more than forty six years of experience in local church ministry in Latin America and the United States He has started and worked in half a dozen churches over the past four decades and now serves as the Church Planting Training Specialist for Baptist Mid Missions In this capacity he works with churches and church planters throughout the United States and Canada teaching training and mentoring church leaders He also serves in a number of leadership positions within the Baptist Mid Missions TEAM NORTH AMERICA as well as the registrar for the School of Church Planting He has published two other books and several leadership training manuals

Church Laws and Ecumenism Norman Doe,2020-09-27 Written by experts from within their communities this book compares the legal regimes of Christian churches as systems of religious law The ecumenical movement with its historical theological focus has failed to date to address the role of church law in shaping relations between churches and fostering greater mutual understanding between them In turn theologians and jurists from the different traditions have not hitherto worked together on a fully ecumenical appreciation of the potential value of church laws to help and sometimes to hinder the achievement of greater Christian unity This book seeks to correct this ecumenical church law deficit It takes account of the recent formulation by an ecumenical panel of a Statement of Principles of Christian Law which has been welcomed by Pope Francis and the Ecumenical Patriarch of Constantinople leader of the Orthodox Church worldwide as recognizing the importance of canon law for ecumenical dialogue This book therefore not only provides the fruits of an understanding of church laws within ten Christian traditions but also critically evaluates the Statement against the laws of these individual ecclesial communities The book will be an essential resource for scholars of law and religion theology and sociology It will also be of interest to those working in religious institutions and policy makers

Child Protection in the Church Michael A. Guerzoni,2021-07-05 Child Protection in the Church investigates whether amidst publicised promises of change from church institutions and the

introduction of safe church policies and procedures reform is actually occurring within Christian churches towards safeguarding using a case study of the Anglican Diocese of Tasmania Australia Through the use of interviews and document analysis the book provides an insight into the attitudes and practices of ordinary clergypersons towards child sexual abuse and safeguarding to understand how safe ministry is understood and executed in everyday life in the Church and to what extent it aligns with policy requirements and criminological best practice It adopts organisational culture theory the perspective used to explain how clerical culture enabled and concealed child sexual abuse in the Church to the present in order to understand how clerical attitudes cognition and practice conduct today is being shaped by some of the same negative cultures Underlying these cultures is misunderstandings of abuse causation which are shown here to negatively shape clerical practice and at times compromise policy and procedural requirements Providing an insight into the lived reality of safeguarding within churches and highlighting the ongoing complexities of safe ministry the book is a useful companion to students academics and practitioners of child protection and organisational studies alongside clergy church leaders and those training for the ministry

Shattering the Illusion Tracy J. Trothen, 2012-09-01 *Shattering the Illusion* is the first book to gather and comparatively analyze policies addressing child sexual abuse complaints in a selection of religious institutions in Canada Although there is a substantial body of literature regarding Christianity and sexual abuse very little of it focuses on religious institutions in Canada and their respective policies In the foreword Tracey J Trothen summarizes the Cornwall Inquiry out of which this book arose She then examines the Roman Catholic Church The United Church of Canada the Anglican Church the Mennonite Church Islam and the Canadian Unitarian Council Unitarian Universalist Association describing in detail the evolution and particular content of policies and procedures that address child sexual abuse complaints directed at paid and volunteer faith community representatives and or leaders She identifies differences and common themes among the approaches taken by the institutions and provides a summary table for an accessible comparative overview Child sexual abuse is not new but the emergence of policies to address abuse complaints within religious institutions is This book identifies significant and shared causal factors behind the emergence of policy and reviews their content carefully This review will serve as a significant tool for furthering the development of such policies
