"*Understanding Baptist Polity*" Frank L. Lewis, 1984 Church Laws and Ecumenism Norman Doe, 2020-09-27 Written by experts from within their communities this book compares the legal regimes of Christian churches as systems of religious law. The ecumenical movement with its historical theological focus has failed to date to address the role of church law in shaping relations between churches and fostering greater mutual understanding between them. In turn theologians and jurists from the different traditions have not hitherto worked together on a fully ecumenical appreciation of the potential value of church laws to help and sometimes to hinder the achievement of greater Christian unity. This book seeks to correct this ecumenical church law deficit. It takes account of the recent formulation by an ecumenical panel of a Statement of Principles of Christian Law which has been welcomed by Pope Francis and the Ecumenical Patriarch of Constantinople leader of the Orthodox Church worldwide as recognizing the importance of canon law for ecumenical dialogue. This book therefore not only provides the fruits of an understanding of church laws within ten Christian traditions but also critically evaluates the Statement against the laws of these individual ecclesial communities. The book will be an essential resource for scholars of law and religion, theology and sociology. It will also be of interest to those working in religious institutions and policy makers.

Christian Law Norman Doe, 2013-09-12 *Christian Law: Contemporary Principles* offers a detailed comparison of the laws of churches across ten distinct Christian traditions worldwide: Catholic, Orthodox, Anglican, Lutheran, Methodist, Reformed, Presbyterian, United Congregational and Baptist. From this comparison Professor Doe proposes that all denominations of the faith share common principles in spite of their doctrinal divisions and that these principles reveal a concept of Christian law and contribute to a theological understanding of global Christian identity. Adopting a unique interdisciplinary approach the book provides comprehensive coverage on the sources and purposes of church law, the faithful lay and ordained, the institutions of church governance, discipline and dispute resolution, doctrine and worship, the rites of passage, ecumenism, property and finance as well as church, State and society. This is an invaluable resource for lawyers and theologians who are engaged in ecumenical and interfaith dialogue, showing how dogmas may divide but laws link Christians across traditions.
